       to in subsection (6) would be likely to substantially assist as
       described in paragraph (6)(b); and
   (b) it is impracticable for an affidavit to be prepared or sworn
       before an application for a warrant is made;
       an application for a warrant under subsection (6) may be made

(2) If transmission by fax is available and an affidavit has been
prepared, the person applying must transmit a copy of the affidavit,
whether sworn or unsworn, to the eligible Judge or to the
nominated AAT member who is to determine the application.

27C Determining the application

(1) An eligible Judge or a nominated AAT member may issue a
computer access warrant if satisfied:
    (a) in the case of a warrant sought in relation to a relevant
        offence—that there are reasonable grounds for the suspicion
        founding the application for the warrant; and
    (b) in the case of a warrant sought in relation to a recovery
        order—that such an order is in force and that there are
reasonable grounds for the suspicion founding the application for the warrant; and

(c) in the case of a warrant sought in relation to a mutual assistance authorisation—that such an authorisation is in force and that there are reasonable grounds for the suspicion founding the application for the warrant; and

(d) in the case of a warrant sought for the purposes of an integrity operation—that the integrity authority for the operation is in effect, and that there are reasonable grounds for the suspicions founding the application for the warrant (as mentioned in paragraphs 27A(5)(a) and (b)); and

(e) in the case of a control order access warrant—that a control order is in force in relation to a person, and that access to data held in the relevant target computer to obtain information relating to the person would be likely to substantially assist in:

(i) protecting the public from a terrorist act; or

(ii) preventing the provision of support for, or the facilitation of, a terrorist act; or

(iii) preventing the provision of support for, or the facilitation of, the engagement in a hostile activity in a foreign country; or

(iv) determining whether the control order, or any succeeding control order, has been, or is being, complied with; and

(f) in the case of an unsworn application—that it would have been impracticable for an affidavit to have been sworn or prepared before the application was made; and

(g) in the case of a remote application—that it would have been impracticable for the application to have been made in person.

Note: For control orders that have been made but not come into force, see section 6C.

(2) In determining whether a computer access warrant should be issued, the eligible Judge or nominated AAT member must have regard to:
(a) in the case of a warrant sought in relation to a relevant
offence or a mutual assistance authorisation, or for the
purposes of an integrity operation—the nature and gravity of
the alleged offence; and
(b) in the case of a warrant sought to assist in the location and

facilitation of, a terrorist act; or
   (iii) preventing the provision of support for, or the
facilitation of, the engagement in a hostile activity in a
foreign country; or

succeeding control order, has been, or is being,
complied with; and
(h) in the case of a control order access warrant issued on the
basis of a control order that is in force in relation to a

basis of a control order that is in force in relation to a
person—any previous control order access warrant sought or
issued on the basis of a control order relating to the person.

27D What must a computer access warrant contain?

(1) A computer access warrant must:

(a) state that the eligible Judge or nominated AAT member
issuing the warrant is satisfied of the matters referred to in
subsection 27C(1) and has had regard to the matters referred
to in subsection 27C(2); and
(b) specify:

(i) the name of the applicant; and

(ii) if the warrant relates to one or more alleged relevant offences—the alleged offences in respect of which the warrant is issued; and

(iii) if the warrant relates to a recovery order—the date the order was made and the name of the child to whom the order relates; and

(iv) if the warrant relates to a mutual assistance authorisation—the offence or offences against the law of a foreign country to which the authorisation relates; and

(v) if the warrant is issued for the purposes of an integrity operation—the integrity authority for the operation and each alleged relevant offence in relation to which the authority was granted; and

(vi) the date the warrant is issued; and

(vii) if the target computer is or includes a particular computer—the computer; and

(viii) if the target computer is or includes a computer on particular premises—the premises; and

(ix) if the target computer is or includes a computer associated with, used by or likely to be used by, a person—the person (whether by name or otherwise); and

(x) the period during which the warrant is in force (see subsection (3)); and

(xi) the name of the law enforcement officer primarily responsible for executing the warrant.

(2) If a control order access warrant is issued on the basis of a control order that is in force in relation to a person, the warrant must also specify the following details in relation to the control order:

(a) the name of the person;

(b) the date the control order was made;

(c) whether the control order is an interim control order or a confirmed control order.
(3) A warrant may only be issued:
   (a) for a period of no more than 90 days; or
   (b) if the warrant is issued for the purposes of an integrity
       operation—for a period of no more than 21 days.

   Note: The access to data held in the target computer pursuant to a warrant
   may be discontinued earlier—see section 27H.

(4) In the case of a warrant authorising the access to data held in the
    target computer on premises that are vehicles, the warrant need
    only specify the class of vehicle in relation to which the access to
    data held in the target computer is authorised.

(5) A warrant must be signed by the person issuing it and include the
    person’s name.

(6) As soon as practicable after completing and signing a warrant
    issued on a remote application, the person issuing it must:
    (a) inform the applicant of:
        (i) the terms of the warrant; and
        (ii) the date on which, and the time at which, the warrant
             was issued; and
    (b) give the warrant to the applicant while retaining a copy of the
        warrant for the person’s own record.

27E What a computer access warrant authorises

(1) A computer access warrant must authorise the doing of specified
    things (subject to any restrictions or conditions specified in the
    warrant) in relation to the relevant target computer.

(2) The things that may be specified are any of the following that the
    eligible Judge or nominated AAT member considers appropriate in
    the circumstances:
    (a) entering specified premises for the purposes of doing the
        things mentioned in this subsection;
    (b) entering any premises for the purposes of gaining entry to, or
        exiting, the specified premises;
    (c) using:
        (i) the target computer; or
(ii) a telecommunications facility operated or provided by
the Commonwealth or a carrier; or
(iii) any other electronic equipment; or
(iv) a data storage device;
for the purpose of obtaining access to data (the *relevant data*)
that is held in the target computer at any time while the
warrant is in force, in order to determine whether the relevant
data is covered by the warrant;
(d) if necessary to achieve the purpose mentioned in
paragraph (c)—adding, copying, deleting or altering other
data in the target computer;
(e) if, having regard to other methods (if any) of obtaining access
to the relevant data which are likely to be as effective, it is
reasonable in all the circumstances to do so:
(i) using any other computer or a communication in transit
to access the relevant data; and
(ii) if necessary to achieve that purpose—adding, copying,
deleting or altering other data in the computer or the
communication in transit;
(f) removing a computer or other thing from premises for the
purposes of doing any thing specified in the warrant in
accordance with this subsection, and returning the computer
or other thing to the premises;
(g) copying any data to which access has been obtained, and that:
(i) appears to be relevant for the purposes of determining
whether the relevant data is covered by the warrant; or
(ii) is covered by the warrant;
(h) intercepting a communication passing over a
telecommunications system, if the interception is for the
purposes of doing any thing specified in the warrant in
accordance with this subsection;
(i) any other thing reasonably incidental to any of the above.

Note: As a result of the warrant, a person who, by means of a
telecommunications facility, obtains access to data stored in a
computer etc. will not commit an offence under Part 10.7 of the
*Criminal Code* or equivalent State or Territory laws (provided that the
person acts within the authority of the warrant).
(3) For the purposes of paragraph (2)(g), if:

(a) access has been obtained to data; and

(b) the data is subject to a form of electronic protection;

the data is taken to be relevant for the purposes of determining whether the relevant data is covered by the warrant.

When data is covered by a warrant

(4) For the purposes of this section, data is covered by a warrant if:

(a) in the case of a warrant sought in relation to a relevant offence—access to the data is necessary as described in paragraph 27A(1)(c); or

(b) in the case of a warrant sought in relation to a recovery order—access to the data may assist as described in paragraph 27A(3)(b); or

(c) in the case of a warrant sought in relation to a mutual assistance authorisation—access to the data is necessary as described in paragraph 27A(4)(b); or

(d) in the case of a warrant sought for the purposes of an integrity operation—access to the data will assist as described in paragraph 27A(5)(b); or

(e) in the case of a control order access warrant—access to the data would be likely to substantially assist as described in paragraph 27A(6)(b).

Certain acts not authorised

(5) Subsection (2) does not authorise the addition, deletion or alteration of data, or the doing of any thing, that is likely to:

(a) materially interfere with, interrupt or obstruct:

(i) a communication in transit; or

(ii) the lawful use by other persons of a computer;

unless the addition, deletion or alteration, or the doing of the thing, is necessary to do one or more of the things specified in the warrant; or

(b) cause any other material loss or damage to other persons lawfully using a computer.
Warrant must provide for certain matters

(6) A computer access warrant must:

(a) authorise the use of any force against persons and things that is necessary and reasonable to do the things specified in the warrant; and

(b) if the warrant authorises entering premises—state whether entry is authorised to be made at any time of the day or night or during stated hours of the day or night.

Concealment of access etc.

(7) If any thing has been done in relation to a computer under:

(a) a computer access warrant; or

(b) this subsection;

then, in addition to the things specified in the warrant, the warrant authorises the doing of any of the following:

(c) any thing reasonably necessary to conceal the fact that any thing has been done under the warrant or under this subsection;

(d) entering any premises where the computer is reasonably believed to be, for the purposes of doing the things mentioned in paragraph (c);

(e) entering any other premises for the purposes of gaining entry to or exiting the premises referred to in paragraph (d);

(f) removing the computer or another thing from any place where it is situated for the purposes of doing the things mentioned in paragraph (c), and returning the computer or other thing to that place;

(g) if, having regard to other methods (if any) of doing the things mentioned in paragraph (c) which are likely to be as effective, it is reasonable in all the circumstances to do so:

(i) using any other computer or a communication in transit to do those things; and

(ii) if necessary to achieve that purpose—adding, copying, deleting or altering other data in the computer or the communication in transit;
(h) intercepting a communication passing over a
telecommunications system, if the interception is for the
purposes of doing any thing mentioned in this subsection;
(i) any other thing reasonably incidental to any of the above;

at the following time:
(j) at any time while the warrant is in force or within 28 days
after it ceases to be in force;
(k) if none of the things mentioned in paragraph (c) are done
within the 28-day period mentioned in paragraph (j)—at the
earliest time after that 28-day period at which it is reasonably
practicable to do the things mentioned in paragraph (c).

27F Extension and variation of computer access warrant

(1) A law enforcement officer to whom a computer access warrant has
been issued (or another person on the law enforcement officer’s
behalf) may apply, at any time before the expiry of the warrant:
(a) for an extension of the warrant for a period of no more than:
   (i) 90 days after the day the warrant would otherwise
       expire; or
   (ii) if the warrant is issued for the purposes of an integrity
       operation—21 days after the day the warrant would
       otherwise expire; or
   (b) for a variation of any of the other terms of the warrant.

(2) The application is to be made to an eligible Judge or to a
nominated AAT member and must be accompanied by the original
warrant.

(3) Sections 27A and 27B apply, with any necessary changes, to an
application under this section as if it were an application for the
warrant.

(4) The eligible Judge or nominated AAT member may grant an
application if satisfied that the matters referred to in
subsection 27C(1) still exist, having regard to the matters in
subsection 27C(2).
(5) If the eligible Judge or nominated AAT member grants the
application, the eligible Judge or nominated AAT member must
endorse the new expiry date or the other varied term on the original
warrant.

(6) An application may be made under this section more than once.

27G Revocation of computer access warrant

(1) A computer access warrant may, by instrument in writing, be
revoked by an eligible Judge or nominated AAT member on the
initiative of the eligible Judge or nominated AAT member at any
time before the expiration of the period of validity specified in the
warrant.

(2) If the circumstances set out in paragraphs 27H(2)(a) and (b),
27H(3)(a) and (b), 27H(4)(a) and (b), 27H(5)(a) and (b), 27H(6)(a)
and (b) or 27H(7)(a) and (b) apply in relation to a computer access
warrant, the chief officer of the law enforcement agency to which
the law enforcement officer to whom the warrant was issued
belongs or is seconded must, by instrument in writing, revoke the
warrant.

(3) The instrument revoking a warrant must be signed by the eligible
Judge, the nominated AAT member or the chief officer of the law
enforcement agency, as the case requires.

(4) If an eligible Judge or nominated AAT member revokes a warrant,
the eligible Judge or nominated AAT member must give a copy of
the instrument of revocation to the chief officer of the law
enforcement agency to which the law enforcement officer to whom
the warrant was issued belongs or is seconded.

(5) If:

(a) an eligible Judge or nominated AAT member revokes a
warrant; and

(b) at the time of the revocation, a law enforcement officer is
executing the warrant;

the law enforcement officer is not subject to any civil or criminal
liability for any act done in the proper execution of that warrant
before the officer is made aware of the revocation.
27H Discontinuance of access under warrant

Scope

(1) This section applies if a computer access warrant is issued to a law enforcement officer.

Discontinuance of access

(2) If:

(a) the computer access warrant has been sought by or on behalf of a law enforcement officer in relation to a relevant offence; and

(b) the chief officer of the law enforcement agency to which the law enforcement officer belongs or is seconded is satisfied that access to data under the warrant is no longer required for the purpose of enabling evidence to be obtained of:

(i) the commission of the relevant offence; or

(ii) the identity or location of the offender;

the chief officer must, in addition to revoking the warrant under section 27G, take the steps necessary to ensure that access to data authorised by the warrant is discontinued.

(3) If:

(a) the computer access warrant has been sought by or on behalf of a law enforcement officer in relation to a recovery order; and

(b) the chief officer of the law enforcement agency to which the law enforcement officer belongs or is seconded is satisfied that access to data under the warrant is no longer required for the purpose of locating and safely recovering the child to whom the recovery order relates;

the chief officer must, in addition to revoking the warrant under section 27G, take the steps necessary to ensure that access to data authorised by the warrant is discontinued.

(4) If:
(a) the computer access warrant has been sought by or on behalf
of a law enforcement officer as authorised under a mutual
assistance authorisation; and
(b) the chief officer of the law enforcement agency to which the
law enforcement officer belongs or is seconded is satisfied
that access to data under the warrant is no longer required for
the purpose of enabling evidence to be obtained of:
(i) the commission of the offence against a law of a foreign
country to which the authorisation relates; or
(ii) the identity or location of the persons suspected of
committing the offence;
the chief officer must, in addition to revoking the warrant under
section 27G, take the steps necessary to ensure that access to data
authorised by the warrant is discontinued.

(5) If:
(a) the computer access warrant has been sought by or on behalf
of a federal law enforcement officer for the purposes of an
integrity operation; and
(b) the chief officer of the law enforcement agency to which the
law enforcement officer belongs or is seconded is satisfied
that:
(i) access to data under the warrant is no longer necessary
for the purposes of the integrity operation; or
(ii) the integrity authority for the integrity operation is no
longer in effect;
the chief officer must, in addition to revoking the warrant under
section 27G, take the steps necessary to ensure access to data
authorised by the warrant is discontinued.

(6) If:
(a) the computer access warrant is a control order access warrant
issued on the basis of a control order that was in force in
relation to a person; and
(b) the chief officer of the law enforcement agency to which the

that access to data under the warrant to obtain information
relating to the person is no longer required for any of the following purposes:

(i) protecting the public from a terrorist act;
(ii) preventing the provision of support for, or the facilitation of, a terrorist act;
(iii) preventing the provision of support for, or the facilitation of, the engagement in a hostile activity in a foreign country;
(iv) determining whether the control order, or any succeeding control order, has been, or is being, complied with;

the chief officer must, in addition to revoking the warrant under section 27G, take the steps necessary to ensure that access to data authorised by the warrant is discontinued as soon as practicable.

(7) If:

(a) the computer access warrant is a control order access warrant issued on the basis of a control order that was in force in relation to a person; and
(b) no control order is in force in relation to the person;

the chief officer must, in addition to revoking the warrant under section 27G, take the steps necessary to ensure that access to data authorised by the warrant is discontinued as soon as practicable.

(8) If the chief officer of a law enforcement agency is notified that a warrant has been revoked by an eligible Judge or a nominated AAT member under section 27G, the eligible Judge or nominated AAT member must take the steps necessary to ensure that access to data authorised by the warrant is discontinued as soon as practicable.

(9) If the law enforcement officer to whom the warrant is issued, or who is primarily responsible for executing the warrant, believes that access to data under the warrant is no longer necessary for the purpose:

(a) if the warrant was issued in relation to a relevant offence—of enabling evidence to be obtained of the commission of the relevant offence or the identity or location of the offender; or
(b) if the warrant was issued in relation to a recovery order—of enabling the location and safe recovery of the child to whom the order relates; or

   (i) the commission of the offence against a law of a foreign country to which the authorisation relates; or
   (ii) the identity or location of the persons suspected of committing the offence;

the law enforcement officer must immediately inform the chief officer of the law enforcement agency to which the law enforcement officer belongs or is seconded.

(10) In the case of a warrant issued for the purposes of an integrity operation, if the law enforcement officer to whom the warrant is issued, or who is primarily responsible for executing the warrant, believes that:
   (a) access to data under the warrant is no longer necessary for those purposes; or
   (b) the integrity authority for the integrity operation is no longer in effect;

the law enforcement officer must immediately inform the chief officer of the law enforcement agency to which the law enforcement officer belongs or is seconded.

(a) there was a risk of serious violence to a person or substantial damage to property; and

(b) accessing data held in the target computer mentioned in that subsection may have helped reduce the risk; and

(c) it was not practicable in the circumstances to apply for a computer access warrant.

(2) After considering an application for approval of the giving of an emergency authorisation in response to an application under subsection 29(1A) in relation to a recovery order, the eligible Judge or nominated AAT member may give the approval if satisfied that:

(a) the recovery order was in force at the time the emergency authorisation was given; and

(b) there were reasonable grounds to suspect that:

(i) the enforcement of the recovery order was urgent; and

(ii) accessing data held in the target computer mentioned in that subsection may have assisted in the prompt location
and safe recovery of the child to whom the order relates;
and
(iii) it was not practicable in the circumstances to apply for a
computer access warrant.

(3) After considering an application for approval of the giving of an
emergency authorisation in response to an application under
subsection 30(1A), the eligible Judge or nominated AAT member
may give the approval if satisfied that:
(a) there were reasonable grounds to suspect that:
   (i) there was a risk of loss of evidence; and
   (ii) accessing data held in the target computer mentioned in
        that subsection may have helped reduce the risk; and
(b) it was not practicable in the circumstances to apply for a
   computer access warrant.

(4) If, under subsection (1), (2) or (3), the eligible Judge or nominated
AAT member approves the giving of an emergency authorisation,
the eligible Judge or nominated AAT member may:
(a) unless paragraph (b) applies—issue a computer access
    warrant relating to the continued access to data held in the
    relevant target computer as if the application for the approval
    were an application for a computer access warrant under
    Division 4 of Part 2; or
(b) if the eligible Judge or nominated AAT member is satisfied
    that, since the application for the emergency authorisation,
    the activity that required access to data held in the relevant
    target computer has ceased—order that access to data held in
    that computer cease.

(5) If, under subsection (1), (2) or (3), the eligible Judge or nominated
AAT member does not approve the giving of an emergency
authorisation, the eligible Judge or nominated AAT member may:
(a) order that access to data held in the relevant target computer
    cease; or
(b) if the eligible Judge or nominated AAT member is of the
    view that, although the situation did not warrant the
    emergency authorisation at the time that authorisation was
    given, the use of a computer access warrant under Division 4
of Part 2 is currently justified—issue a computer access warrant relating to the subsequent access to such data as if the application for the approval were an application for a computer access warrant under Division 4 of Part 2.

(6) In any case, the eligible Judge or nominated AAT member may order that any information obtained from or relating to the exercise of powers under the emergency authorisation, or any record of that information, be dealt with in a manner specified in the order, so long as the manner does not involve the destruction of that information.

77 Section 36
After “section 35”, insert “or 35A”.

78 Section 41 (definition of appropriate consenting official)

appropriate consenting official, in relation to a foreign country:
(a) when used in section 42 or 43—means an official of that country having authority in that country to give consent to the use of surveillance devices in that country or on a vessel or aircraft registered under the laws of that country; or
(b) when used in section 43A or 43B—means an official of that country having authority in that country to give consent to access to data held in computers in that country or on a vessel or aircraft registered under the laws of that country.

Schedule 2  Computer access warrants etc.

Part 1  Amendments

106  Telecommunications and Other Legislation Amendment (Assistance and Access) Bill 2018
agreed to by an appropriate consenting official of the foreign
country.

(2) If:

(a) application is made under section 33 by an appropriate
authorising officer who is a federal law enforcement officer
for approval of the giving of an emergency authorisation
relating to the investigation of a relevant offence; and
(b) the emergency authorisation was given in response to an
application under subsection 28(1A); and
(c) before the completion of consideration of that section
application, it becomes apparent to the applicant that there
will be a need for access to data held in a computer:

(i) in a foreign country; or
(ii) on a vessel or aircraft that is registered under the law of
a foreign country and is in or above waters beyond the
outer limits of the territorial sea of Australia;

the eligible Judge or nominated AAT member to whom the
section 33 application was made must not permit any computer
access warrant issued on consideration of that section
application to authorise that access unless the eligible Judge or
nominated AAT member is satisfied that the access has been
agreed to by an appropriate consenting official of the foreign
country.

(3) If:

(a) a computer access warrant has been issued in relation to the
investigation of a relevant offence in response to an
application by or on behalf of a federal law enforcement
officer; and
(b) after the issue of the warrant, it becomes apparent to the law
enforcement officer primarily responsible for executing the
warrant that there will be a need for access to data held in a
computer that is:

(i) in a foreign country; or
(ii) on a vessel or aircraft that is registered under the law of a foreign country and is in or above waters beyond the outer limits of the territorial sea of Australia;

the warrant is taken to permit that access if, and only if, the access has been agreed to by an appropriate consenting official of the foreign country.

(4) Subsections (1), (2) and (3) do not apply to a computer access warrant authorising access to data if:

(a) the person, or each of the persons, responsible for executing the warrant will be physically present in Australia; and

(b) the location where the data is held is unknown or cannot reasonably be determined.

(5) Despite subsections (1), (2) and (3), if:

(a) a vessel that is registered under the law of a foreign country is in waters beyond the outer limits of the territorial sea of Australia but not beyond the outer limits of the contiguous zone of Australia; and

(b) the relevant offence in respect of which it becomes apparent that access to data held in a computer on the vessel will be required is an offence relating to the customs, fiscal, immigration or sanitary laws of Australia;

there is no requirement for the agreement of an appropriate consenting official of the foreign country concerned in relation to that access while the vessel is in such waters.

(6) Despite subsections (1), (2) and (3), if:

(a) a vessel that is registered under the law of a foreign country is in waters beyond the outer limits of the territorial sea of Australia but not beyond the outer limits of the Australian fishing zone; and

(b) the relevant offence in respect of which it becomes apparent that access to data held in a computer on the vessel will be required is an offence against section 100, 100A, 100B, 101, 101A or 101AA of the Fisheries Management Act 1991 or section 46A, 46B, 46C, 46D, 49A or 51A of the Torres Strait Fisheries Act 1984;
there is no requirement for the agreement of an appropriate
consenting official of the foreign country concerned in relation to
that access while the vessel is in those waters.

(7) As soon as practicable after the commencement of access to data
held in a computer under the authority of a computer access
warrant in circumstances where consent to that access is required:
(a) in a foreign country; or
(b) on a vessel or aircraft that is registered under the law of a
foreign country;
the chief officer of the law enforcement agency to which the law
enforcement officer who applied for the warrant belongs or is
seconded must give the Minister evidence in writing that the access
has been agreed to by an appropriate consenting official of the
foreign country.

(8) An instrument providing evidence of the kind referred to in
subsection (7) is not a legislative instrument.

(9) If a vessel or aircraft that is registered under the laws of a foreign
country is in or above the territorial sea of another foreign country,
subsections (1), (2) and (3) have effect as if the reference to an
appropriate consenting official of the foreign country were a
reference to an appropriate consenting official of each foreign
country concerned.

(10) For the avoidance of doubt, there is no requirement for the
agreement of an appropriate consenting official of the foreign
country to the access to data held in a computer under the authority
of a computer access warrant of a vessel or aircraft of a foreign
country that is in Australia or in or above waters within the outer
limits of the territorial sea of Australia.

43B Evidence obtained from extraterritorial computer access not to
be tendered in evidence unless court satisfied properly
obtained
Evidence obtained from access to data held in a computer
undertaken in a foreign country in accordance with
subsection 43A(1), (2) or (3) in relation to a relevant offence
cannot be tendered in evidence to a court in any proceedings relating to the relevant offence unless the court is satisfied that the access was agreed to by an appropriate consenting official of the foreign country.

(e) the chief officer of the agency is satisfied that none of the information obtained from accessing the data is likely to assist in connection with:

(5) If the person conducting or presiding over a proceeding is satisfied that publication of any information disclosed in the proceeding could reasonably be expected to reveal details of computer access technologies or methods, the person must make any orders prohibiting or restricting publication of the information that the person considers necessary to ensure that those details are not revealed.

      the computer or device forms or formed a part; or
   (ii) measures applied to protect data held in, or accessible
      from, the computer or device.
