Subject: Response re position

Sec and A/Comm

I have thought about the three options.

I have decided to resign from the Department, and request to be released with the minimum notice possible.

For your information I am hoping to obtain further temporary work in the APS for a few months.

Thank you once again. I have greatly appreciated the opportunity to work in this foundation role for the Department and ABF, that has allowed me to contribute to the health of patients and staff, and to Australia's national security. I wish you all the best as you lead the organisations to their next step in their evolution.

Regards

John
