*Includes onshore, offshore and unknown breakup and is based on the visa holder's TRIPS movement location at the time of latest cancellation. 'Unknown' is a valid value for visa cancellations of clients that have had no recorded movement.

A visa may be recorded as cancelled more than once. An example of a visa being recorded as cancelled more than once is if the visa is cancelled, the cancellation is subsequently revoked or set aside, and then the visa is cancelled again. A cancellation may be revoked or set aside for a number of reasons, including further legal proceedings, and administrative or jurisdictional errors, etc. Duplicates may exist.
