Total		3,018	2,084

Caveats:

- *An EOI may alter the recorded nominated occupation during their application process, however this has not been taken into account in the reported totals (only one of the nominated occupations is reported upon over the requested reporting period, this occupation was chosen arbitrarily).*
- *An EOI may re-submit their application over a period, this has not been taken into account, an Intending Migrant submission is only counted once toward the reported totals.*
- *Each revision and re-submission may result in a different score being allocated to the EOI, only the highest score allocated over the reporting period has been used to count toward the reported totals, this score may not have been the final score the EOI was allocated in a scenario where the EOI was resubmitted over the reported period.*
- *The requested occupations are used as occupation categories/parents and are not available as valid occupations for selection, therefore all child occupations for the requested occupations have been used for the reported totals.*
- *The report is provided under an urgent time-frame, has not been subjected to a review process as would be involved in development release cycle, as such these figures should be treated as an ad-hoc deliverable.*
- *It is the responsibility of the area providing information related to the Department of Home Affairs to external stakeholders, to ensure that the disclosure is in accordance with the ABF Act, Australian Privacy Principles or other relevant legislation.*
- *Where applicable, with regards to Immigration data - as per current privacy guidelines, the Department's policy is to mask numbers which are less than five as <5, noting we are reviewing the confidentiality method for the future.*
- *The Department of Home Affairs must be consulted regarding any requests to use the data for purposes not originally intended or discussed.*
