Caveats:

- 1) Visa applications lodged in a given period are not necessarily finalised in the same period.
- 2) The attached information is provided by the Department of Home Affairs (the Department) and is provided in accordance with the ABF Act, Australian Privacy Principles or other relevant legislation.
- 3) Where applicable, with regards to Immigration-specific data and as per current privacy guidelines, the Department's policy is to mask numbers which are less than five as <5.
- 4) State/Territory and Regional Nominated and Business Innovation and Investor Program nomination allocations are set each program year. State and territory governments may nominate skilled and business migrants up to the allocation in these visa categories.
Nomination allocations do not align with visa grants because:
 - Nominations are for primary applicants; grants count both primary and secondary applicants
 - Grants may occur in a different program year than the initial nomination
 - Nomination allocations account for expected grants as well as withdrawals, refusals and applicants who are nominated but do not lodge a visa application.
