FOI Request: FA 19/09/01080

File Number: ADF2019/50551

Dear [REDACTED]

**Freedom of Information (FOI) request - Access Decision**

On 16 September 2019, the Department of Home Affairs (the Department) received a request for access to document under the *Freedom of Information Act 1982* (the FOI Act).

The purpose of this letter is to provide you with a decision on your request for access under the FOI Act.

**1 Scope of request**

You have requested access to:

*The privacy impact assessment commissioned by the department related to the identity matching legislation:*

- 1) *the use (or potential use) of the FMS by the law enforcement, anti-corruption and security agencies listed in clause 8(2) of the Bill.*

**2 Authority to make decision**

I am an officer authorised under section 23 of the FOI Act to make decisions in respect of requests to access document or to amend or annotate records.

**3 Relevant material**

In reaching my decision I referred to the following:

- the terms of your request
- the document relevant to the request
- the FOI Act
- Guidelines published by the Office of the Information Commissioner under section 93A of the FOI Act (the FOI Guidelines)
- consultation responses from third parties consulted in accordance with the FOI Act
- advice from other Commonwealth Departments

#### **4 Document in scope of request**

The Department has identified one document as falling within the scope of your request. This document was in the possession of the Department on 16 September 2019 when your request was received.

#### **5 Decision**

The decision in relation to the document in the possession of the Department which fall within the scope of your request is to release one document in part with deletions.

#### **6 Reasons for Decision**

Detailed reasons for my decision are set out below. My findings of fact and reasons for deciding that the exemption provision applies to that information are set out below.

##### **6.1 Section 37 of the FOI Act - Documents Affecting Enforcement of Law and Protection of Public Safety**

Section 37(2)(b) of the FOI Act provides that a document is exempt from disclosure if its disclosure would, or could reasonably be expected to disclose lawful methods or procedures for preventing, detecting, investigating, or dealing with matters arising out of breaches or evasions of the law the disclosure of which would or could reasonably likely to, prejudice the effectiveness of those methods or procedures.

I consider that parts of the document marked 's37(2)(b)' would, or could reasonably be expected to disclose lawful methods or procedures for preventing or detecting breaches or evasions of the law and that disclosure would, or would reasonably likely to, prejudice the effectiveness of those methods or procedures.

It is noted that the Department's role includes managing the security and integrity of Australia's borders. The Department leads the management of risks to Australia's border in close collaboration with other government agencies, including State and Federal law enforcement agencies. As such, the Department's role includes law enforcement functions.

The disclosure of this information would be reasonably likely to impact on ongoing investigative methodology and relationships that support Australian government law enforcement capabilities. The release of this information would prejudice the effectiveness of those capabilities, assisting endeavours to evade them and thereby reducing the ability of the Department and other law enforcement agencies to protect the borders of Australia.

I have decided that this information is exempt from disclosure under Section 37(2)(b) of the FOI Act.
