State/Territory and Regional Nominated and Business Innovation and Investor Program nomination allocations are set each program year. State and territory governments may nominate skilled and business migrants up to the allocation in these visa categories.

Nomination allocations do not align with visa grants because:

- Nominations are for primary applicants; grants count both primary and secondary applicants
- Grants may occur in a different program year than the initial nomination
- Nomination allocations account for expected grants as well as withdrawals, refusals and applicants who are nominated but do not lodge a visa application.
