Hi s22(1)(a)(ii)

Yes, we may receive more when the written QoNs are submitted by the Committee to the Department. I anticipate receiving these at the end of the week.

I have assigned both QoNs on this topic to you directly:

QON SQ18-000392 (asked day one) *Au Pairs*  
QON SQ18-000502 (asked day two) *Tourist Compliance Cases*

They are on the same topic, but asked on different days – we need a different title for the system. I have attached the highlighted Hansard and transcript for you to review in context. I hope this makes sense.

Happy to discuss

Cheers

Hi [REDACTED]

Can you please advise if your group would be best to lead on the attached QoN regarding Au Pairs. For ease of reference I have pulled out an abridged version of the questions within the work document and highlighted Hansard (pg 69-78) for the Au Pair cases.

I liaised with [REDACTED] who advised that the ABF would not lead on this one but is happy to provide input. I would imagine Legal may also need to be consulted.

Even though the question is long, the response could probably be the 'Department does not discuss operational matters'.

If you could please let me know the most appropriate Division at your earliest convenience it would be appreciated.

Hi s22(1)(a)(ii)

I understand that you are able to assist with these QONs on the 'au pair' cases, from an ABF perspective, which have both been allocated to me.

While SQ18-000392 has been allocated to me, following agreement by my FAS, I am unable to answer the question being asked. I can progress the response to the QON, but I would be grateful for the ABF's response to the question.

For SQ18-000502, there are several pages of questions relating to this matter. I have colour coded the questions in the attached document, as they relate to various business areas and require respective responses. I have colour coded questions that I believe are for ABF response in yellow. I'd be grateful if you could take a look at the set of questions and let me know if any issues from your perspective.

PDMS indicates a clearance date of 14 June, so I would be grateful for cleared input by COB Tuesday, 12 June, to give time for consolidation.

Feel free to give me a call to discuss if you'd like.

Thanks

Hi s22(1)(a)(ii)

As briefly discussed, I have been allocated QON SQ18-000502 (attached), which includes a range of questions across several business areas. I believe that several of the questions relate to Legal Division, which I have highlighted in red in the attached document.

I've also attached a relevant email trail on the AAT matter, which should help with identifying the cases. The original MI submissions for the two cases are MS15-016866 and MS15-027915.

I would be grateful if you could review, let me know if any issues and provide responses to those questions.

Given the timeframe for response, I would be grateful for your input by midday, 12 June.

Please feel free to give me a call to discuss if you need or require any further information.

Good afternoon Media Ops

I've been allocated the attached QON, which relates to the detention at the airport and subsequent ministerial intervention in two cases in 2015. I don't believe any TPs were prepared at the time, but there was engagement with Media Ops during the FOI and AAT processes for these two cases in 2017.

One of the questions (my mark up as q21) asks about the Minister being briefed and includes the Secretary's comments about press reports and talking points. For the purposes of preparing a response to this question, can you please advise on whether the Minister/MO was briefed on the cases at any point. Grateful for advice by midday, Tuesday 12 June.

I've attached the two original MI subs from 2015 for reference. Feel free to give me a call to discuss if needed.

Thank you for sending this through. Just looking at the attached response, the information doesn't appear to be correct. Both cases were cancelled at the border and subsequently granted 600 visas by the Minister, but the response indicates the Adelaide case was cancelled and removed.

Should the wording remain or was that known in the clearance process?

Hi s22(1)(a)

Thanks for pointing this out. The information in the original response was drawn from the initial submission prepared for the Minister. We have now reviewed the supporting attachments and note the grant of the 600 visa for the passenger in Adelaide. A redraft has now been prepared. Please note we have also made a minor change to the response to Q27 in SQ18-000502. I have just spoken to s22(1)(a)(ii) from Kaylene's office and he has indicated she would like to make some changes to both documents so have sent him through soft copies. We will show Claire our revisions and Kaylene will review as well. I understand that s22(1)(a)(ii) will be ringing you shortly to discuss and advise how he will get the ABF responses back to you.

Good afternoon all

Apologies for the scatter gun approach, but not sure who can assist with advice from an Executive Division perspective, as per Peta's email below.

Attached is the response to the QON SQ18-000502, which relates to two cases from 2015. I would be grateful for advice on whether any issues or considerations in disclosing the level of information in the QON relating to the individuals. I have also attached the redacted submissions for the individuals that were previously disclosed under FOI.

Grateful for your advice as soon as possible.

Many thanks

Have just got both QONs about au pairs back from Malisa.

She wants to know why we are discussing individual circumstances in these cases, when we generally say we won't discuss individual cases. Can one of you discuss with Exec div and run our approach / response to date past them. Can you also check and see what level of detail has been released in the FOI. We need to make sure that we are answering the questions to the extent that we are obliged to and also protecting the individual's privacy in a way that is consistent with the AAT confirmation of the FOI decision.

Released by Department of Home Affairs  
under the Freedom of Information Act 1982

Can you also make sure that both us and ABF are listed as contact and for clearance of both QONs, and that they are aware of this.

Please urgently discuss with FOI and Legal and then get back to me. I am not sure that an Assistant Director level editing advice is what I'm after here. I want to know what our obligations are. These would not normally be operational matters that are excluded from discussion – but they might be subject to privileged communication between the Department and the Minister.

I also want advice about what we already know from the FOI request – it seems a bit pointless to say we won't discuss (with an elected Senator) when we have already released some of this information to the media under FOI.

Good afternoon s22(1)(a)(ii)

Thank you for your email below. s22(1)(a)(ii) has asked me to look at the documents attached to your email, and consider whether any additional personal information, beyond that which was released under the FOI Act, would be disclosed in the responses to the two QoN's.

- SQ18-000502 - there is no additional personal information being provided as part of the response to the QoNs..
- SQ18-000392 – I note that the response to the QoN includes the date entry was refused and the International airports at which entry was refused. The documents released under FOI do not identify the exact date of detention or the airports at which the individuals were refused entry. We note however that the documents released under the FOI request confirmed Ministerial Intervention on 17 June 2015 and 1 November 2015 respectively.

I trust that this assists, however if you require further clarification or have further queries, please do not hesitate to contact us at [foi@homeaffairs.gov.au](mailto:foi@homeaffairs.gov.au).

I have discussed the QON with Kylie and tweaked the attached slightly. I think it's just presentational changes, but can you and s22(1)(a) please check to ensure that you are happy with each answer (discuss if you have any concerns) and then put all cleared au pair QONs back to me together for clearance and on-forwarding. Can you also please include a copy of the redacted FOI in the QONs folder, so that Malisa can assure herself about what has been released previously.

Hi s22(1)(a)(ii)

The Minister's office has returned the au pair draft QON responses with changes, as per the attached.

I'd be very grateful if you could urgently review and let me know if any issues from an ABF perspective by 4pm. Apologies, but these have just been returned to me, but are apparently required back at the MO by COB today.

Thanks

Hi [REDACTED]

As discussed, attached is the current draft response for this QON.

Please note, that this has not been cleared by our FAS (although incorporated requested amendments) and there is likely to be further consultation with the MO and others before finalisation.

Thanks

Hi s22(1)(a)(ii)

A/AC Rees has cleared all changes except for proposed changes to responses 11 and 27 within EQON 502. She has asked for legal advice on 27 (which we have now requested) and has requested both be cleared by A/DCO. Unfortunately, this will not occur until Monday.

Also – change to 392 is agreed.

Happy to discuss.

Good afternoon s22(1)(a)

A/g DCO Huey is comfortable with the suggested changes to Question 27.

**Question 27**

Senator WATT: Finally, were either of the individuals in these cases previously counselled for breaching work restrictions, and, if so, on how many occasions?

Mr Pezzullo: Again, I'll look at the facts of the matter, insofar as they're known to the department, and I'll take that question on notice

**Our answer:**

One of the individuals had previously been warned on one occasion.

**MO answer:**

Neither of the individuals had previously been counselled for breaching work restrictions.

**Proposed answer:**

Neither of the individuals had previously been counselled for breaching work restrictions.

We are still waiting on clearance for question 11.

Many thanks

Hi s22(1)(a)(ii)

We've just been discussing the MO's amendments to the QON responses with Peta Dunn and she has asked for ABF confirmation of a couple of things relating to the amended responses.

For the responses to questions 7 and 23, we would be very grateful for confirmation of whether the ABF had provided verbal advice on the cases to the Minister or his office prior to the MO request for a MI submission? In addition, Peta would greatly appreciate a copy of the legal advice provided in relation to the response for question 27. I understood that legal advice had been sought on Friday for that response.

Please feel free to give me a call to discuss if you'd like.

Thanks

Good morning team

We have been asked by Peta Dunn and Malisa Golightly for further changes to the QON 502 responses. One of the changes they have asked for is the response to Question 5, which was:

5. Since 1 January 2015, there have been 2,158 instances of refused immigration clearance for subclass 600 visa holders. Once refused or cancelled, individuals are generally removed.

They have asked to change the reporting period to the **last FY**, with the relevant number of refused or cancelled subclass 600 visa holders in immigration clearance.

We would be grateful for an update by **10.00am** today as we are being pressured to complete this QON. Apologies for the short timeframe.

Happy to discuss further if required.

Many thanks

Attached is the response the QONs from Budget Estimates in relation to the Minister's decisions in relation to the two 'au pairs'. I have attached our original responses, with s22(1)(a)(ii) suggested changes and also the final draft - which is with me for urgent clearance. s22(1)(a)(ii) asked that I talk to you, if we made any changes. There are a couple of points where we have amended and I wanted to provide you informally and to discuss before we put through the usual processes.

Attached are the final au pair QONs responses, which have incorporated your final edits. I have also run this past CA and Pip, who have cleared responses to Qs 19 and 20.

I also finally caught s22(1)(a)(ii) this morning and ran him through the few changes we have made to a number of questions, since the previous version, and he was broadly comfortable – noting that he has still not read and will review again.

Are you happy for us to finalise and send to Kylie, noting that the Secretary wants to have them finalised before Estimates spillover next week?

Hi s22(1)(a)

As discussed this afternoon, in response to your question around "did the ABF provide any advice to the Minister's Office on this matter", I can only offer the following dot points in response to the two matters:

- Adelaide Airport: To the best of the officers' recollection and records they did not provide any verbal advice to the Minister or his office in relation to Ms Deuwel's case.
- Brisbane Airport: Officers were contacted verbally by the DLO at the time. They did not provide any verbal advice direct to the Minister or the minister's office.

No other record of advice has been located.
