Freedom of Information (FOI) request - Access Decision

On 11 January 2019, the Department of Home Affairs (the Department) received a request for access to documents under the *Freedom of Information Act 1982* (the FOI Act).

The purpose of this letter is to provide you with a decision on your request for access under the FOI Act.

1 Scope of request

You have requested access to the following documents:

All documents created within the past 3 years that relate to calibration of detectors for trace explosives and narcotics used at immigration detention centres.

2 Authority to make decision

I am an officer authorised under section 23 of the FOI Act to make decisions in respect of requests to access documents or to amend or annotate records.

3 Relevant material

In reaching my decision I referred to the following:

- the terms of your request
- the documents relevant to the request
- the FOI Act
- Guidelines published by the Office of the Information Commissioner under section 93A of the FOI Act (the FOI Guidelines)
- advice from Departmental officers with responsibility for matters relating to the documents to which you sought access

4 Documents in scope of request

The Department has identified three documents as falling within the scope of your request. These documents were in the possession of the Department on 11 January 2019 when your request was received.

Attachment A is a schedule which describes the relevant documents and sets out my decision in relation to each of them.

5 Decision

The decision in relation to the documents in the possession of the Department which fall within the scope of your request is to release relevant information in three documents in full

5.1 Section 22 of the FOI Act – irrelevant to request

Section 22 of the FOI Act provides that if giving access to a document would disclose information that would reasonably be regarded as irrelevant to the request, it is possible for the Department to prepare an edited copy of the document, modified by deletions, ensuring that the edited copy would not disclose any information that would reasonably be regarded as irrelevant to the request.

The information I have deleted under section 22 is information that goes beyond the details of the calibration of the detectors. I consider this information is outside the scope of your request, and therefore not relevant to your request.

I have therefore decided that parts of documents marked 's22(1)(a)(ii)' would disclose information that could reasonably be regarded as irrelevant to your request, and have therefore prepared an edited copy of the documents, with the irrelevant material deleted pursuant to section 22(1)(a)(ii) of the FOI Act.

The information relating to the calibration of detectors in use have been released to you as it is relevant to your request.

A copy of the FOI Act is available at <https://www.legislation.gov.au/Details/C2017C00251>. If you are unable to access the legislation through this website, please contact our office for a copy.
