Avoid potential exposure. Ensure good hygiene measures.

Coronavirus Disease 2019 (COVID-19)

Maintain good personal hygiene. Avoid potential exposure.

- Wash your hands frequently with soap and water.
- Use alcohol-based hand sanitiser when soap and water are not readily available.
- Cover your coughs and sneezes.
- Avoid touching your face (eyes, nose and mouth) – especially if you have touched objects handled by many people (such as handrails, door handles).
- Do not share food, drinks and personal items.
- Keep away from people who are sick – don’t let them cough or sneeze on you.
- Avoid activities which expose you to large groups of people.
- When in public areas, as much as possible, keep 1-2 metres distance from other people.
