

Month-by-month and year-by-year statistics of lodgements of Protection visa applications by citizens of Saudi Arabia, including breakdowns by age, gender and state, from January 2016-present.

a . I would like these statistics to include both the total number of visa applications lodged and the total number of non-combined applications lodged [ie, where multiple applications are lodged as combined applications for members of the same family unit, considering these to be "one" combined application].

Month-by-month and year-by-year statistics of finalisations by the Department of Protection visa applications by citizens of Saudi Arabia, including decisions to grant visas, refuse visas, where the application was withdrawn, etc, including breakdowns by age, gender and state.

a. I would like these statistics to include both the total number of visa applications [finalised] and the total number of non-combined applications [finalised] (i.e. where multiple applications are lodged as combined applications for members of the same family unit, considering these to be "one" combined application)

Month-by-month and year-by-year statistics of finalisations by the Department of Protection visa applications by citizens of Saudi Arabia, including decisions to grant visas, refuse visas, where the application was withdrawn, etc, including breakdowns by age, gender and state.

b. I would also like these statistics to include whether the applicant(s) in each matter were represented by a migration agent in relation to that application.

Total numbers of Protection visa applications by citizens of Saudi Arabia on-hand with the Department at the time of this request.

a. I would like these statistics to include both the total number of visa applications on hand and the total number of non-combined applications on hand [ie, where multiple applications are lodged as combined applications for members of the same family unit, considering these to be "one" combined application].
