Hi 22(1)(a)(ii)

I have recalculated the occupation ceilings using ABS data for May 2020. See attached.

Accounts

4,730 ABS employment stock data for Accountants, as at May 2020 quarter (196.26 thousand x 2.5% x 1,000)
3,850 ENS/RSMS and Skilled Nominated/Skilled Regional (subclass 186, 187, 190, 489, 491, 494) grants for Accountants from 1/07/2019 to 31/05/2020 (primary applicants only).
Plus a forecast of XXX grants for June 2020 (yet to be included).

880 2020/21 ceiling for Accountant (excluding June forecast)

Kind Regards

Subject: Occupation Ceilings Calculations [DLM=For-Official-Use-Only]

For-Official-Use-Only

Hi 22(1)(a)(ii)

I have calculated the occupation ceilings for 2020/21 using ATO data "Labour Force, Australia, Detailed, Quarterly, Feb 2020". Noting occupation ceilings only apply to subclass 189 and 491 – Family Sponsored. See attached *Working Spreadsheet*.

Percentages as advised by Policy are:

- Accountant – 2.5%
- Chef – 3%
- All other occupations – 6%

Accountants have an additional calculation, provided by Policy in 2017.

Method:

4,478 ABS employment stock data for Accountants, as at February 2020 quarter (196.26 thousand x 2.5% x 1,000)

3,850 ENS/RSMS and Skilled Nominated/Skilled Regional (subclass 186, 187, 190, 489, 491, 494) grants for Accountants from 1/07/2019 to 31/05/2020 (primary applicants only).
Plus a forecast of XXX grants for June 2020 (yet to be included).

628 2020/21 ceiling for Accountant (excluding June forecast)

Due to an increase in grants, the ceiling for Accountants is significantly lower than 2019/20 which was 2,746 and this is without adding the June grants forecast (I am unsure who provides the forecast).

The attached spreadsheet shows my calculations and comparison to 2019/20. The rule applied to all other occupations is if the ceiling figure is below 1,000 we raise to 1,000. Would you be happy to apply that method to Accountants as well?

For reference, at 11 April 2020 we had invited 654 Accountants.

Kind Regards

Hi 22(1)(a)(ii)

I have recalculated the occupation ceilings using ABS data for May 2020. See attached.

Accounts

4,730 ABS employment stock data for Accountants, as at May 2020 quarter (196.26 thousand x 2.5% x 1,000)
3,850 ENS/RSMS and Skilled Nominated/Skilled Regional (subclass 186, 187, 190, 489, 491, 494) grants for Accountants from 1/07/2019 to 31/05/2020 (primary applicants only).
Plus a forecast of XXX grants for June 2020 (yet to be included).

880 2020/21 ceiling for Accountant (excluding June forecast)

Kind Regards

For-Official-Use-Only

Hi 22(1)(a)(ii)

I have calculated the occupation ceilings for 2020/21 using ATO data "*Labour Force, Australia, Detailed, Quarterly, Feb 2020*". Noting occupation ceilings only apply to subclass 189 and 491 – Family Sponsored. See attached *Working Spreadsheet*.

Percentages as advised by Policy are:

- Accountant – 2.5%
- Chef – 3%
- All other occupations – 6%

Accountants have an additional calculation, provided by Policy in 2017.

Method:

4,478 ABS employment stock data for Accountants, as at February 2020 quarter (196.26 thousand x 2.5% x 1,000)
3,850 ENS/RSMS and Skilled Nominated/Skilled Regional (subclass 186, 187, 190, 489, 491, 494) grants for Accountants from 1/07/2019 to 31/05/2020 (primary applicants only).
Plus a forecast of XXX grants for June 2020 (yet to be included).

628 2020/21 ceiling for Accountant (excluding June forecast)

Due to an increase in grants, the ceiling for Accountants is significantly lower than 2019/20 which was 2,746 and this is without adding the June grants forecast (I am unsure who provides the forecast).

The attached spreadsheet shows my calculations and comparison to 2019/20. The rule applied to all other occupations is if the ceiling figure is below 1,000 we raise to 1,000. Would you be

happy to apply that method to Accountants as well?

For reference, at 11 April 2020 we had invited 654 Accountants.

Kind Regards

Hi 22(1)(a)(ii)

I hope you are well. My understanding (from past conversations) is that you use the EQ08 Pivot Table [Employed persons by Occupation unit group of main job (ANZSCO), Sex, State and Territory, August 1986 onwards] to calculate your occupation ceilings. This pivot is contained in the [6291.0.55.003 - Labour Force, Australia, Detailed, Quarterly](#) publication (latest figures were released today).

There are monthly Labour Force Publications, such as [Labour Force, Australia, Detailed - Electronic Delivery](#) (cat. no. 6291.0.55.001) and [Labour Force, Australia](#) (cat. no. 6202.0), but they don't have detailed (ANZSCO) occupation data.

After today's release, the next Detailed Quarterly publication will be released on 24 September (will contain Aug 2020 statistics).

I hope that is helpful.

Please let me know if you have any questions.

Cheers,

22(1)(a)(ii)

Hi 22(1)(a)(ii)

We use *ABS employment stock data* to calculate the occupation ceilings for our general skilled migration program.

Are you able to provide us the monthly schedule of the release dates for the employment stock data? At this stage we have the February data but given the impacts of COVID to the economy we would like to use more recent data for our calculations.

Thanks
