Subject: Commercial-in-Confidence: WA Procurement of Rail Radio Network

Hello CIC and S. 33(a)(i)

My name is S. 47F and I work at the Department of the Premier and Cabinet in Western Australia.

The WA Public Transport Authority is in the final stages of a procurement process for a Long-Term Evolution (LTE) radio network for the Perth metropolitan passenger rail network. The procurement process is expected to be finalised by the end of this month.

The expected procurement outcome is that a contract is awarded to a Chinese technology company. At your convenience could you please give me a call to discuss in more detail? We want to ensure that the Commonwealth is aware of the situation so that you can better manage any issues at your end.

Regards
