Hi s. 22(1)(a)(ii)

I've had a chat with s. 22(1)(a) about this and he said he'd actually like the position to be at a SOGC/EL1 level. The funding required for this is \$175,00, and I was wondering if it looks like there would be sufficient funds for this?

Good afternoon CVE Coordinators,

I hope you are all well.

As requested during the LSTIP workshop last week, I have attached a template for you to fill out should you like to request additional funding.

s. 22(1)(a)(ii) is kindly organising s. 47B(a), that will be run by the s. 47B(a). This has been proposed to be run in two blocks of four s. 47B(a) sessions (between August 2024 – 19 September 2024 and 3 March 2025 – 5 April 2025).

s. 22(1)(a)(ii) is teaching at CVE Graduate Certificate, details of which will be released soon. The

Project/Initiative Description

The ACT Justice and Community Safety (JACS) Directorate requests \$174,157 of additional funding from Home Affairs' Living Safely Together Intervention Program (LSTIP) funding allocation for 2023-24 for the creation of an LSTIP Case Manager position to be situated in JACS. The JACS LSTIP Case Manager would lead LSTIP case management with support from ACT Policing (ACTP) and would be a Senior Officer Grade C (SOGC) which is equivalent to an Executive Level 1.

s. 47B(b)

s. 47B(a)

The LSTIP Case Manager is a critical position for successful delivery of the LSTIP in the ACT. Due to the increased number of referrals and clients in the ACT, the increased focus on young people and the complexities when considering their referrals and interventions, s. 47B(b)

Given this, there is a need to create an additional JACS LSTIP Case Manager position to lead the active and assertive LSTIP screening and assessments, case planning, review and case load monitoring with support from ACT Policing.

Released by Department of Home Affairs
under the Freedom of Information Act 1982

OFFICIAL

The creation of this new case management position in JACS will help to alleviate the risk of a single point of failure currently inherent in the existing arrangements, as JACS and ACTP will work closely together on LSTIP referrals and clients. As with current arrangements, the ACT LSTIP Coordinator and other key CVE stakeholders will also support LSTIP processes.

The JACS LSTIP Case Manager would:

- Lead the development of CVE case management processes with support from LSTIP Coordinator as required, leveraging expertise from others in the ACT or interstate jurisdictions.
- Undertake case management of LSTIP clients in collaboration with ACT CVE stakeholders, to facilitate delivery of support services to CVE clients and potentially members of their support network, including coordinating externally provided support services such as allied health professionals, pro-social support programs, education and training providers, or employment services.
- Monitor LSTIP client progress in response to LSTIP intervention and supports provided, to identify whether the client is disengaging from radicalisation pathways, or whether reassessment and adjustments to the intervention plan may be necessary.
- Receive and triage information about ACT-based vulnerable and at-risk individuals who are reportedly showing indicators of radicalisation, for referral to LSTIP.
- In consultation with the LSTIP Coordinator and other CVE practitioners, use accredited CVE screening and assessment tools (for example, RADAR, Y-PIM, and TRAP-18) to undertake screening, assessment, monitoring and review of LSTIP referrals and clients.
- Collect information in a timely manner from individuals making reports about LSTIP referrals, to better enable accurate assessment whether reported individuals are displaying indicators of radicalisation.
 - If necessary, seek further information from other sources, including the referral's parents or teachers, and other appropriate stakeholders to support and inform the assessment processes.
 - Collate information obtained from engagements in an accurate manner, including Case Manager reflections, to enable the LSTIP Coordinator and others to make accurate assessments about potential LSTIP clients.
 - Ensure information about LSTIP referrals and clients is handled appropriately and according to information security and privacy requirements, ensuring trust in the CVE program is maintained.
- Work collaboratively with appropriate CVE stakeholders, including law enforcement and ACT Fixated, Lone Actor and Grievance-Fuelled violence (FLAG) assessment team to deconflict whether the referred individual is the subject of investigation or undergoing assessment or support through other programs.
 - Where referrals are not suitable for the LSTIP, work with other Government and non-Government services with programs more appropriate services to support the referred individual.

- Engage with LSTIP potential clients; and their parents/guardians if necessary, to explain and seek consent to join the LSTIP program, while working collaboratively with ACT CVE stakeholders to identify and mitigate possible risks appropriately. Work collaboratively with LSTIP clients and their family/support network to identify potential priority support requirements.
- Contribute to the ACT Intervention Panel and other meetings to inform the design of tailored, needs-based client intervention plans to support client's disengagement from radicalisation pathways.
- Build and manage relationships with ACT CVE stakeholders to encourage a positive early reporting culture, while educating stakeholders about reporting processes.
- Develop expertise in CVE matters and support national consistency and interoperability through attendance at relevant national forums, workshops and meetings, and to build a strong network with practitioners in other jurisdictions.

Target

This role would be advertised externally/ internally in line with ACT Government processes.

The target audience is for experienced case managers, particularly those who have experience working with young people.

Timeline

JACS intends to commence recruitment of the JACS LSTIP Case Manager in the 2023-24 FY, upon receipt of the additional funding. This funding would support the role for 12 months. After this time ongoing funding arrangements may be explored.

Dear CVE Coordinators

Happy Friday ☺

Please see below link for the Victoria University Graduate Certificate in Countering Violent Extremism enrolment.

<https://www.vu.edu.au/courses/graduate-certificate-in-countering-violent-extremism-ltcv?retry=true>

The course will be run by Professor **s. 22(1)(a)(ii)** and the team at the Victoria University and it will also include guest lectures by other academics and CT/CVE professionals.

If interested I would encourage you to review the course structure and entry criteria.

Please advise us if you have some applicants who may fall short of the entry criteria, and we'll see what we can do to assist.

A kind reminder that Home Affairs is open to sponsoring up to 2 people per jurisdiction through the LSTIP underspend funding (estimated costs \$13,500 per person). To clarify, Home Affairs has **not** pre-booked positions in the course, Jurisdictions are required to sign up themselves pending the additional fund request has been approved.

Don't hesitate to contact us should you have any questions.

Wishing you a great weekend!

Kind Regards

LSTIP Funding Request

Request for Additional Funds – Northern Territory

Applicant Information

Organisation/jurisdiction name: NT Department of the Chief Minister and Cabinet

Contact details:

Title/Position: s. 22(1)(a)(ii), Assistant Director Security Policy and Programs

Email Address: s. 22(1)(a)(ii)@nt.gov.au

Phone number: s. 22(1)(a)(ii)

Project/Initiative Description

The proposal is for funding to cover 2 Northern Territory Police employees to complete the Victoria University Graduate Certificate in Countering Violent Extremism.

The Northern Territory (NT) is a jurisdiction with a unique population and geographic challenges.

s. 47B(b)

The jurisdiction has limited specialist expertise in the region and relies on interstate stakeholders and institutions for access to subject matter experts.

In October 2023, the NT's operational CVE program was moved from the Department of Chief Minister and Cabinet to the Northern Territory Police. This has strengthened arrangements and fast-tracked the development of an operational program.

Access to funding for the 2 NT Police employees to complete the graduate certificate will enhance the knowledge, skills and capacity within a key CVE agency.

Target

The 2 candidates for the graduate certificate are CVE Coordinator, s. 22(1)(a)(ii) and Sergeant s. 22(1)(a)(ii), s. 47B(a). Both employees are key personnel that make up the newly formed CVE Unit under NT Police.

There is a distinct benefit in providing this study for both delegates.

Released by Department of Home Affairs
under the Freedom of Information Act 1982

Official

s. 22(1)(a)(ii) is a Social Worker with over 7 years' experience in the field. s. 22(1)(a)(ii) has been in the CVE Coordinator position since October 2022 with the Department of the Chief Minister and Cabinet. s. 22(1)(a)(ii) moved to NT Police to form the CVE Unit under the s. 47B(a) with the program in October 2023, and has demonstrated commitment to the development of an ethical, appropriate and sustainable program for the Northern Territory.

Sergeant s. 22(1)(a)(ii) oversees the s. 47B(a). The section has s. 47B(a) s. 47B(a) and continues to support the development of the program, its integration with police activities and the capacity building of other members. s. 22(1)(a)(ii) has worked in the s. 47B(a)

s. 22(1)(a)(ii) is frequently approached by both internal and external stakeholders for his expertise in s. 47B(a).

Further study for both candidates will result in enhanced CVE capability in the NT as the program matures and expands.

Timeline

- The part-time course is for completion over 1 year, commencing 29 July 2024. It is expected that learnings from the certificate will be applicable throughout the study period, resulting in benefits for CVE in the Northern Territory from as early as August 2024.

Funding Request Details

Amount: \$ 28,100 including Student Services and Amenities Fees.

- Further information about the course is accessible on the [Victoria University](#) website.

Should the funding be approved, it will be included as a deed of variation to the 2023-2025 Activity Agreement. This will be paid this financial year and can be rolled over into the 2024-2025 allocation, as part of the end of year process.

Hi s. 22(1)(a)(ii)

Thank you for sending through the funding request.

Released by Department of Home Affairs
 under the Freedom of Information Act 1982

Great to see that QLD is so keen to enrol in the CVE Grad Cert. Unfortunately, as mentioned during the LSTIP workshop, we will only be able to provide funds for **2 people** per jurisdiction to enrol. As I am sure you can understand, this ensures each jurisdiction has an equal opportunity to be involved, given the limited number of positions available. Happy for you to put through a separate funding request for additional funds to be put towards something else if you would like.

Please note, I have also been advised that the cost of the CVE Grad Cert will be \$14,050 for a domestic (Australian) student.

Noting the amendments mentioned above, I would be grateful if you could please reflect these changes in an updated funding request and send it through to the CVE mailbox by **COB today**.

Kind regards,

Project/Initiative Description
The Engagement and Diversion Program (EDP) is applying for additional funding for the purposes of securing placements for CVE practitioners in Victoria University's (VU) Graduate Certificate in Counter Violent Extremism (CVE). Recent national events and the subsequent communal discourse have reinforced the importance of up to date training for CVE practitioners and procedural adherence underpinned by relevant research. Purpose of Funding: • To ensure EDP CVE practitioners are provided with the most relevant and up-to-date training and awareness of CVE best practice. • Any additional funding received will go towards the payment for two (2) placements, as they become available, on the grad cert course with VU. • Placement and participation in this course will ensure EDP CVE practitioners are best placed to continue to deliver academically informed, practical case management interventions to clients. • These placements will also assist in further informing EDP's continued community outreach forums and workshops, providing participants of those events with enhanced learning experiences.
Target
• All funding received from this request will be allocated towards the funding of placements for two EDP Engagement and Diversion Officers on Victoria University's Grad Cert course in CVE.

Official

- All EDP Engagement and Diversion officers have been working in CVE for less than 12 months. As such, working on and obtaining the Grad Cert qualification represents both a significant collective professional development opportunity for EDP as well as an essential capability enhancement for QLD.
- Through the learnings of this course for participants, the beneficiaries of this training will be the EDP client cohort and the wider CVE stakeholder network in QLD.

Timeline

- The timeline for this is unconfirmed at this point as it depends on how many placements EDP can secure for each course sitting. If there are any course placements outstanding, post FY 24/25, EDP would look to secure placements, and make payment for these, in advance of the FY 24/25 deadline.

Funding Request Details

Amount: \$28,100

- \$14,050 per course placement x 2 EDP participants.

Should the funding be approved, it will be included as a deed of variation to the 2023-2025 Activity Agreement. This will be paid this financial year and can be rolled over into the 2024-2025 allocation, as part of the end of year process.

LSTIP Funding Request

Request for Additional Funds – South Australia

Applicant Information

Organisation/jurisdiction name: Department of Human Services, South Australia

Contact details: s. 22(1)(a)(ii)

Title/Position: Manager, Inclusion Support Program (SA LSTIP / HRRR Coordinator)

Email Address: s. 22(1)(a)(ii)@sa.gov.au

Phone number: s. 22(1)(a)(ii)

Project/Initiative Description

6 Projects:

1) Countering Violent Extremism Practice Lead

Allied Health Clinicians are additionally being utilised in CVE interventions in South Australia, as both staff members within the Inclusion Support Program, and in non-government services being brokered to provide interventions to clients. Currently, the SA HRRR/LSTIP Coordinator provides clinical leadership to those clinicians, and balances clinical perspectives with the additional lenses of risk, interagency governance and subject matter expertise. Given the increasing clinical complexities of the CVE cohort, South Australia would like to pilot the implementation of an appropriately classified clinical lead to oversee the clinical direction of the entire program.

2) Bolstering the HRRR capability in the custodial setting

South Australia is two years into the implementation of the HRRR program, which funds a specialised response for high risk clients in the ISP youth and adult teams, as well as a senior clinical position with the Sentence Management Unit of the Department for Correctional Services (DCS), to contextualise the DCS response and build that agency's capability to work with the CVE cohort.

s. 47B(b)

3) Preventative Family Outreach Position

Official
OFFICIAL

Official

The Inclusion Support Program works with South Australians from the ages of 10 upward to prevent and divert individuals identified as at risk of radicalisation to violent extremism, and to rehabilitate and reintegrate violent extremists. Currently, the ISP accepts referrals primary from SA Police, with an appropriately high threshold. It has been identified that South Australians who hold concerns about their children, family, peers and community members feel as if they don't know where to find information or services for individuals who don't meet the threshold for being reported to the police.

DHS proposes to employ a family outreach worker into our Training and Community engagement team to undertake engagement with families and the communities to support the design and implementation of a pilot response to this emerging issue.

4) PENDING CVESC FUNDING: CVE Resources for Education Sector: A Multijurisdictional Approach

This proposal aims to develop and distribute a comprehensive suite of resources tailored for staff in the education sectors of SA, ACT, NT, QLD to effectively identify and respond to the risks of radicalisation leading to violent extremism in young people. These resources will be focused on an e-learning module for educators in the public, catholic and independent school sectors, with relevance to school leadership and the well-being of staff.

The training package would be tied to current Australian Institute for Teaching and School Leadership Limited (AITSL) professional standards, and any educator undertaking the training would be able to count it towards their annual professional development commitments and professional registration standards.

5) PENDING CVESC FUNDING: Youth Violent Extremism – research and development of screening and assessment tools for CVE agencies

This proposal seeks funding for an analysis of current research into screening and assessment tools for young people at risk of radicalisation and grievance-fuelled violence, to identify appropriate tools for use in the Australia and New Zealand (ANZ) environment. If tools do not exist, identification of risk factors for young people engaging in behaviour with a view to develop screening and assessment tools.

6) PENDING CVESC FUNDING: Adolescent family and dating violence intervention for individuals vulnerable to radicalisation to Violent Extremism

This project responds to emerging evidence suggesting a link between risk of domestic violence and risk of radicalisation to violent extremism (RVE). The project will leverage an existing, evidence-based family and dating violence prevention program, the KIND program, and apply the program's approach to individuals at risk of RVE.

This project will expand the eligibility of KIND to include individuals at risk of RVE, and fund a position within the ISP to deliver the KIND program to individuals at risk of RVE. As the risk factors that drive domestic and family violence and RVE are similar, this project will evaluate the KIND model's efficacy in addressing drivers of RVE such as social isolation, low distress tolerance and problematic familial connections.
