Caveats:

- *The information provided is accurate at the time of reporting on 25FEB26. Comparisons to any data obtained from any other systems or reports, with any variation to rules or filters applied at any other point in time should expect a variation in results.*
- *This data only includes detections recorded in ABF Goods Management System, and will not include detections seized by the AFP, and other agencies in sensitive/joint operations. In instances of collaborative engagements with external agencies, a detection may be omitted from recording in ABF systems when the other agency has taken immediate custodianship of the seized goods.*
- *The data has been cleared for external release.*
- *Data provided from 1 November 2019 due to limitations with previous system.*
