Caveats:

- This information is provided for the specific purpose of this request.
- Regarding Immigration data, the Department's current policy is to mask numbers which are less than five as <5, noting we are reviewing the confidentiality method for the future.
- Current program year figures are subject to variation. The data is sourced from our global Departmental systems. There can be delays in transmission of information, therefore data for current program year should always be considered provisional.
- The estimate excludes non-citizens who arrived before 1 September 1994, when the new Migration Reform Act 1992 (the Migration Reform Act or MRA) and Migration Regulations 1994 came into effect and the status 'Unlawful Non-Citizen' and mandatory detention were introduced.
- The Unlawful Non-Citizen (UNC) estimate includes anyone who has overstayed their visa or had their visa cancelled before the reference date and has yet to have their immigration status resolved on that date.
- Estimates are rounded to the nearest 100.
