No discount given is to be deducted from the true value of the goods. The FOB value should be expressed to the nearest dollar. It should be noted that FOB does not include oversea freight and insurance.
The FOB values of samples must be shown as the market value of the goods as if they were for sale.
The combined FOB value of the lines must equal the total FOB value on the header page (B957).
 11. **Permit Details (Prefix/Permit No)**
A wide range of goods is prohibited from exportation unless an export permit is obtained from the appropriate agency. Details of export restrictions are contained in various Commonwealth laws and are outlined in the Department of Immigration and Border Protection Export Control Manual Volume 12.
