Dear Minister,

I am writing to express my concerns over the draft legislation titled 'The Assistance and Access Bill 2018', and outline my concerns below.

I do not want this Bill to be passed, and I hope to hear back from you.

I am concerned because the bill:

1. Creates obligations on technology producers and communication providers, forcing them to work for law enforcement agencies;
2. Creates powers that would allow police to seize information directly from a device;
3. Allows government operatives to access more data through current warrants.

I do not want any of the three changes listed above.

Regards,

Bonnie Thomson
