Dear Minister

We the people strongly oppose The Assistance and Access Bill 2018. This bill is a disgusting misuse of power.

The government should be held at the highest level of scrutiny. If the government requires a bill to protect them from 'whistle blowers' I suspect the governments integrity should be put into question, and a royal commission into corruption is required.

By installing backdoors into user applications you are breaching personal privacy and these actions are akin to perverts.

Your attempt to remove we the peoples ability to encrypt our own data shows that you have no respect for we the people who [legally] have the last say on the laws that are written in this country.

We the people strongly oppose The Assistance and Access Bill 2018, by passing this bill you will be committing treason against the Australian people.

Joel Kirk
