Subject: Vote to *strengthen* encryption in Australia
Date: Monday, 10 September 2018 6:11:21 PM

weakening, and this is definitely weakening, encryption in Australia and due to the connected nature of the internet, the world is a tactic the business world will regret for decades to come.

Do not vote this bill through. I want my children's future to be secure and safe, however well meaning the faceless bureaucrats intentions are. They are wrong.

Marcus Giles
