To Whom May Care,

This is the worst system for feed back on a high impacting Bill.

I feel like many other Bills that have gone through over the last decade you will not even bother to listen or take head to those who are experts, knowledgeable and we will see failures and abuses.

Liberty doesn't mean anything now days... SIGH

I say please don't put forward this Bill... It's really really bad.

Paul Templeton

Hi all,

This bill will cause potential problems for people like me. I'm concerned its to broad and will not achieve the desired out come.

Could some one ring me on [REDACTED] please.

Regards,

Paul
