Subject: Health Requirement - submission

Good morning,

I'm writing this email because there is a submission open for review of the the health requirement and cost threshold at the moment and I would like to provide my submission and thoughts.

I would encourage to lift the significant cost threshold from \$51,000 to \$250,000 over 10 years (closer in line with other countries: e.g., Canada CA\$256,890, New Zealand NZ\$162,000). Furthermore to extend the health waiver to include all visas groups. Currently only family/partner and humanitarian visas have the possibility to waiver the health requirement due to compassionate and completing reasons. The health waiver takes into account your personal situation (income, savings, contributions to your community etc) and not only the \$ your health condition is estimated to cost over 10 years.

Thank you for your time and consideration.

Kind regards,
[REDACTED]
