Subject: Health Requirement Review

Dear Health Requirement Review Administration Team,

I am a concerned voter from [REDACTED] in Queensland and I wish to make a submission. To the above review.

I would like to see health waivers made available for all applicants for all visa subclasses, and made automatic for all children born in Australia to parents who hold a temporary residence visa.

I would also like to see the Significant Cost Threshold doubled, to bring it into line with comparable international jurisdictions like Canada and New Zealand.

I have considered the situation and I believe special education should be removed from community cost calculations, and from Medical Officer of the Commonwealth costings.

In all, the 'one fails all fail' rule regarding family units be revoked.

Will you kindly consider the above issues in your review

Kind regards
