

Australian Government

Australian Government response to the Parliamentary Joint
Committee on Law Enforcement interim and final report:

Vaccine related fraud and security risks

JUNE 2024

Recommendation

Recommendation 1: The committee recommends the Department of Home Affairs ensure that the spread of COVID-19 misinformation and disinformation is monitored for extremist content and links to international extremist groups, as well as undertake greater efforts to counter misinformation and disinformation, especially among Aboriginal and Torres Strait Islander communities and culturally and linguistically diverse communities.

Response:

The Government **notes** this recommendation. However, given the passage of time since the report was tabled, a substantive Government response is no longer appropriate.
