Division 1—Simplified outline of this Part

35AA Simplified outline of this Part

- This Part sets up a regime for the Commonwealth to respond to serious cyber security incidents.

- If a cyber security incident has had, is having, or is likely to have, a relevant impact on a critical infrastructure asset, the...
Minister may, in order to respond to the incident, do any or all of the following things:

(a) authorise the Secretary to give information-gathering directions to a relevant entity for the asset;
(b) authorise the Secretary to give an action direction to a relevant entity for the asset;
(c) authorise the Secretary to give an intervention request to the authorised agency.

- An information-gathering direction requires the relevant entity to give information to the Secretary.
- An action direction requires the relevant entity to do, or refrain from doing, a specified act or thing.
- An intervention request is a request that the authorised agency do one or more specified acts or things in relation to the asset.

Division 2—Ministerial authorisation relating to cyber security incident

35AB Ministerial authorisation

Scope

(1) This section applies if the Minister is satisfied that:

(a) a cyber security incident:
   (i) has occurred; or
   (ii) is occurring; or
   (iii) is imminent; and

(b) the incident has had, is having, or is likely to have, a relevant impact on a critical infrastructure asset (the primary asset); and

(c) there is a material risk that the incident has seriously prejudiced, is seriously prejudicing, or is likely to seriously prejudice:
   (i) the social or economic stability of Australia or its people; or
Schedule 1 Security of critical infrastructure

Part 1 General amendments

(ii) the defence of Australia; or
(iii) national security; and
(d) no existing regulatory system of the Commonwealth, a State or a Territory could be used to provide a practical and effective response to the incident.

Authorisation

(2) The Minister may, on application by the Secretary, do any or all of the following things:

(a) authorise the Secretary to give directions to a specified entity under section 35AK that relate to the incident and the primary asset;
(b) authorise the Secretary to give directions to a specified entity under section 35AK that relate to the incident and a specified critical infrastructure sector asset;
(c) authorise the Secretary to give to a specified entity a specified direction under section 35AQ that relates to the incident and the primary asset;
(d) authorise the Secretary to give to a specified entity a specified direction under section 35AQ that relates to the incident and a specified critical infrastructure sector asset;
(e) authorise the Secretary to give a specified request under section 35AX that relates to the incident and the primary asset;
(f) authorise the Secretary to give a specified request under section 35AX that relates to the incident and a specified critical infrastructure sector asset.

Note 1: Section 35AK deals with information gathering directions.
Note 2: Section 35AQ deals with action directions.
Note 3: Section 35AX deals with intervention requests.

(3) An authorisation under subsection (2) is to be known as a Ministerial authorisation.

(4) Subsection 33(3AB) of the Acts Interpretation Act 1901 does not apply to subsection (2) of this section.

Note: Subsection 33(3AB) of the Acts Interpretation Act 1901 deals with specification by class.
Information gathering directions

(5) A Ministerial authorisation under paragraph (2)(a) or (b):
   (a) is generally applicable to the incident and the asset concerned; and
   (b) is to be made without reference to any specific directions.

(6) The Minister must not give a Ministerial authorisation under paragraph (2)(a) or (b) unless the Minister is satisfied that the directions that could be authorised by the Ministerial authorisation are likely to facilitate a practical and effective response to the incident.

Action directions

(7) The Minister must not give a Ministerial authorisation under paragraph (2)(c) or (d) unless the Minister is satisfied that:
   (a) the specified entity is unwilling or unable to take all reasonable steps to resolve the incident; and
   (b) the specified direction is reasonably necessary for the purposes of responding to the incident; and
   (c) the specified direction is a proportionate response to the incident; and
   (d) compliance with the specified direction is technically feasible.

Note: Section 12P provides examples of responding to a cyber security incident.

(8) In determining whether the specified direction is a proportionate response to the incident, the Minister must have regard to:
   (a) the impact of the specified direction on:
       (i) the activities carried on by the specified entity; and
       (ii) the functioning of the asset concerned; and
   (b) the consequences of compliance with the specified direction; and
   (c) such other matters (if any) as the Minister considers relevant.

(9) The Minister must not give a Ministerial authorisation under paragraph (2)(c) or (d) if the specified direction:
(a) requires the specified entity to permit the authorised agency
to do an act or thing that could be the subject of a request
under section 35AX; or
(b) requires the specified entity to take offensive cyber action
against a person who is directly or indirectly responsible for
the incident.

Intervention requests

(10) The Minister must not give a Ministerial authorisation under
paragraph (2)(e) or (f) unless the Minister is satisfied that:
(a) giving a Ministerial authorisation under paragraph (2)(c) or
(d) would not amount to a practical and effective response to
the incident; and
(b) if there is only one relevant entity for the asset concerned—
the relevant entity is unwilling or unable take all reasonable
steps to resolve the incident; and
(c) if there are 2 or more relevant entities for the asset
concerned—those entities, when considered together, are
unwilling or unable take all reasonable steps to resolve the
incident; and
(d) the specified request is reasonably necessary for the purposes
of responding to the incident; and
(e) the specified request is a proportionate response to the
incident; and
(f) compliance with the specified request is technically feasible;
and
(g) each of the acts or things specified in the specified request is
an act or thing of a kind covered by section 35AC.

Note: Section 12P provides examples of responding to a cyber security
incident.

(11) In determining whether the specified request is a proportionate
response to the incident, the Minister must have regard to:
(a) the impact of compliance with the specified request on the
functioning of the asset concerned; and
(b) the consequences of acts or things that would be done in
compliance with the specified request; and
(c) such other matters (if any) as the Minister considers relevant.
(12) The Minister must not give a Ministerial authorisation under paragraph (2)(e) or (f) if compliance with the specified request would involve the authorised agency taking offensive cyber action against a person who is directly or indirectly responsible for the incident.

(13) The Minister must not give a Ministerial authorisation under paragraph (2)(e) or (f) unless the Minister has obtained the agreement of:
   (a) the Prime Minister; and
   (b) the Defence Minister.

(14) An agreement under subsection (13) may be given:
   (a) orally; or
   (b) in writing.

(15) If an agreement under subsection (13) is given orally, the Prime Minister or the Defence Minister, as the case requires, must:
   (a) do both of the following:
       (i) make a written record of the agreement;
       (ii) give a copy of the written record of the agreement to the Minister; and
   (b) do so within 48 hours after the agreement is given.

Ministerial authorisation is not a legislative instrument

(16) A Ministerial authorisation is not a legislative instrument.

Other powers not limited

(17) This section does not, by implication, limit a power conferred by another provision of this Act.

35AC Kinds of acts or things that may be specified in an intervention request

For the purposes of the application of paragraph 35AB(10)(g) to a Ministerial authorisation of a request, each of the following kinds of acts or things is covered by this section:

from premises.

35AD Consultation

        critical infrastructure asset)—consult whichever of the
        following entities the Minister considers to be most relevant
        in relation to the proposed authorisation:
            (i) the owner, or each of the owners, of the asset;
