

Summary of Managed Deliveries by the Australian Border Force (ABF) (2007–2025)

Subsection 233 (6) of the Customs Act requires the Minister to lay a report before both Houses of Parliament about any conduct by officers of Customs (ABF officers) that, but for *s233 BABA (1) of the Customs Act*, would constitute an offence against a law of the Commonwealth, State or Territory relating to the possession conveyance or facilitation of the conveyance of prohibited imports or prohibited exports or smuggled goods.

The term “Managed Delivery” is an ABF operational activity that involves an ABF Officer possessing, conveying or facilitating the conveyance of a prohibited import, prohibited export or smuggled good to a third party, who was the intended recipient of the goods, for the purpose of obtaining evidence to support a prosecution.

The ABF is to report annually on any Managed Deliveries of prohibited imports, prohibited exports or smuggled goods (excluding narcotic goods), including partially substituted goods. Unsubstituted or partially substituted goods are referred to as “live product”

Between **01 July 2007** and **30 June 2025**, ABF officers conducted **201** Managed Deliveries using “live products” that are prohibited importations or regulated goods, including **(107)** precursor drugs, **(66)** tobacco and **(28)** other commodities.
