Children In Immigration Detention

At 30 April 2017 there were less than five children (aged less than 18 years) in Immigration Residential Housing, Immigration Transit Accommodation and Alternative Places of Detention.

Figure 3 – Children in Immigration Residential Housing, Immigration Transit Accommodation and Alternative Places of Detention

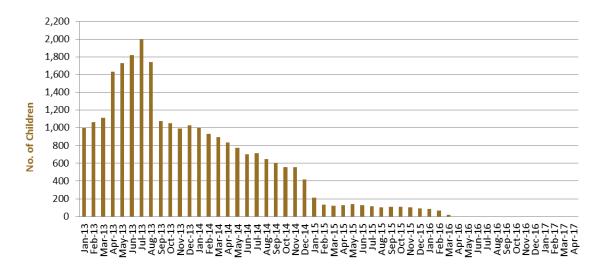

Figure 3 above, shows the number of children in immigration detention facilities and alternative places of detention from January 2013 to the date of this report. The continuous increase in the number of children in detention facilities from April 2013 to Aug 2013 was due to a rapid increase in irregular maritime arrivals during this period. The number of children in immigration detention facilities reduced in September 2013, as children completed mandatory processing and were transferred into the community. The number of children in detention facilities continued to decline during the late 2013 and 2014, with further reduction in January 2015.

At 30 April 2017, the number of children living in the community after being approved for a residence determination decreased by one to 216 from 217 in the previous report.

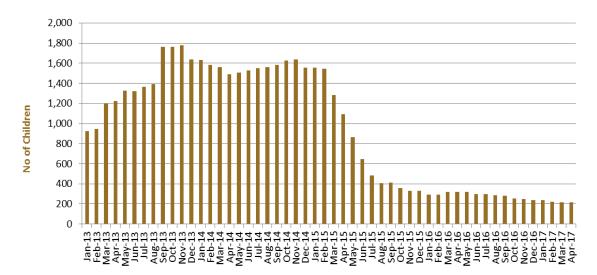

Figure 4 – Children in the Community under Residence Determination

Figure 4 above, shows the number of children in the community under residence determination from January 2012 to the date of this report. The number of children in the community under residence determination, has levelled off at its lowest number since the peak in November 2013, as a result of releases into the community on Bridging E visas.
