## About this report

This report provides an overview of the number of people in onshore immigration detention as at midnight on the date of the report. The report is produced on a monthly basis.

As data is sourced from several departmental processing and recording systems, data relating to the immigration detention population is dynamic and variations between monthly reports can occur. Due to these issues, data from the current financial year should always be considered provisional.

Further information about immigration detention is available at:

<https://www.homeaffairs.gov.au/research-and-statistics/statistics/visa-statistics/live/immigration-detention>

## Enquiries

Comments or enquiries concerning this report should be sent using the Department's client service feedback form quoting the name and date of the report.

## Important Notice on APODs

From July 2020, detainees residing in APODs are reported under 'APODs' rather than under the ITA or IDC that had responsibility for their management and care. APODs include hospitals, aged-care facilities, mental health inpatient facilities, as well as hotel and apartment style accommodation. The number of individuals in APODs is provided by the State and Territory of the APODs.

# Children In Immigration Detention

At 31 March 2021 there were less than five children (aged less than 18 years) in Immigration Residential Housing, Immigration Transit Accommodation and Alternative Places of Detention.

**Figure 3 – Children in Immigration Residential Housing, Immigration Transit Accommodation and Alternative Places of Detention**

Figure 3 above, shows the number of children in IDFs and APODs from January 2013 to the date of this report. The continuous increase in the number of children in IDFs from April 2013 to Aug 2013 was due to a rapid increase in IMAs during this period. The number of children in IDFs continued to decline during the late 2013 and 2014, with further reduction in January 2015.

At 31 March 2021, the number of children living in the community after being approved for a residence determination has remained the same since the previous report at 181.

**Figure 4 – Children in the Community under Residence Determination**

Figure 4 above, shows the number of children in the community under residence determination from January 2013 to the date of this report. The number of children in the community under residence determination, has levelled off at its lowest number since the peak in November 2013, as a result of releases into the community on Bridging E visas.
