## About this report

This report provides quarterly data about the student visa programme administered by the Department of Immigration and Border Protection (the department). The report has been produced to assist education providers, representative bodies and policymakers.

It is important to note that the information used in this report comes from a new data source. Consequently, figures for previous financial years have been revised and may differ slightly from those previously published by the department.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous issues can occur. Due to these issues, the current financial year should always be considered provisional.

For privacy reasons < 5 has been used where a number in a table is between 1 and 4. Further data about the student visa programme, including yearly student visa trends and comprehensive data on student visa grants by sector and country from 2002-03 to the 2012-13 programme year is available on the department's website at:

## Definition of terms

Applicant type:	<p>Under the Migration Regulations 1994 (the Regulations), there are two types of applicants. These are primary applicants and secondary applicants. These terms are defined below.</p> <p>If the table or graph heading includes the word 'primary', such as 'primary applications' or 'primary visa holders', dependants (secondary applicants) are not included.</p>
Citizenship country:	<p>The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.</p>
Destination:	<p>Where a visa holder has moved from one type of visa to another. This most commonly occurs where a temporary visa holder applies for a permanent visa. However, many temporary visa holders go on to apply for a further temporary visa. The original visa is determined by the last visa held prior to the destination visa being granted. Destination visas include visas granted onshore and offshore.</p>
Granted:	<p>Unless otherwise specified, the number of visas granted includes primary and review grants.</p>
Last visa held:	<p>This refers to the last substantive visa held by a visa holder (that is, the last visa other than a bridging visa) prior to a point in time. The last visa held may have expired or still be in effect.</p>
Lodged:	<p>Lodged is the count of paper applications receipted in a departmental office or submitted electronically.</p>
Offshore:	<p>In this report, refers to the location of the client at the time the application was lodged. Generally, student visa applicants subject to Assessment Levels 2-5 are required to lodge their first student visa application while outside Australia.</p>
Onshore:	<p>In this report, refers to the location of the client at the time the application was lodged. An onshore applicant may already hold a visa of the same kind or may be applying for another type of visa. Student visa applicants subject to Assessment Level 1 can lodge their first student visa application while in Australia.</p>
Primary applicant:	<p>The primary applicant is the person who must satisfy the primary criteria for the grant of a visa under the Regulations. In this case, it would be the person proposing to study in Australia.</p>
Primary application:	<p>An application lodged by a primary applicant.</p>
Primary grant:	<p>An outcome where a decision maker (which may include system generated decision making) makes an assessment based on the initial visa application which results in a visa being granted to an applicant.</p>
Primary visa holder:	<p>A person who has had a primary application for a visa granted.</p>
Secondary applicant:	<p>Secondary applicants must satisfy the secondary criteria for the grant of a visa under the Regulations. In this case, a secondary applicant is generally a dependant of the primary applicant.</p>
Secondary application:	<p>A visa application lodged by a secondary applicant.</p>
Secondary visa holder:	<p>A person who has had a secondary application for a visa granted.</p>
Skilled Occupation List:	<p>The Skilled Occupation List (SOL) is a list of skilled occupations that deliver high value skills needed by the Australian economy and aligns with the national workforce development strategy. It applies to international students who wish to apply for the Graduate Work stream under the Temporary Graduate (subclass 485) visa. To apply for this stream, students must nominate an occupation on the SOL and graduate with skills and qualifications that closely relate to this occupation.</p>
Snapshot date:	<p>The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.</p>
Visa applicant:	<p>Used to refer to clients applying for a visa. Unless otherwise specified, the term covers both primary and secondary applicants.</p>
Visa holders in Australia:	<p>The number of visa holders lawfully in Australia. This is not a count of all valid visas, as a number of visa holders may be outside Australia on the snapshot date.</p>

## Background to the student visa programme

International students must have a valid visa for the duration of their studies in Australia. Most international students will need a student visa. However, visitor visas permit up to three months study and working holiday maker visas permit up to four months study. Further information about these visa options are available at: [www.immi.gov.au/visitors](http://www.immi.gov.au/visitors)

There are seven types of student visa:

- 1) English Language Intensive Course for Overseas Students (ELICOS) (subclass 570) visa. This visa is for international students undertaking a stand-alone English language course that leads to a certificate level award or non-formal award.
- 2) Schools (subclass 571) visa. This visa is designed for international students applying to study in Australia in a primary, junior secondary or senior secondary school course or an approved secondary school exchange programme.
- 3) Vocational Education and Training (subclass 572) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a certificate, vocational education and training diploma, vocational education and training advanced diploma, vocational graduate certificate or vocational graduate diploma.
- 4) Higher Education (subclass 573) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a bachelor degree, associate degree, higher education diploma, higher education advanced diploma, graduate certificate, graduate diploma or Masters by coursework.
- 5) Postgraduate Research (subclass 574) visa. This visa is designed for international students who want to study a Master's degree by research or a Doctoral degree in Australia.
- 6) Non Award (subclass 575) visa. This visa is designed for international students who want to study non award foundation studies or other full time courses not leading to an Australian award.
- 7) AusAID or Defence Sponsored (subclass 576) visa. This visa is designed for international students who are sponsored by AusAID (under the Australia Awards) or Defence to study a full-time course of any type in Australia.

To be eligible for a student visa, applicants must be accepted for full time study in a course listed on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). Applicants must also meet financial, health insurance, English language proficiency and health and character requirements.

There is no limit on the number of student visas issued each year. If applicants meet requirements, they will be granted a student visa. Student visas are issued for the entire period of study in Australia. Visas are issued in alignment with the period for which the applicant has Overseas Student Health Cover (OSHC).

There are two other visas related to the student visa programme, the Student Guardian (subclass 580) visa and the Temporary Graduate (subclass 485) visa. The Student Guardian visa is for individuals who wish to accompany and care for minors studying in Australia. The Temporary Graduate visa allows international students to live and work in Australia temporarily after they have finished their studies.

## Family members

Students can apply to have partners and dependant children under the age of eighteen accompany them to Australia. These family members are known as secondary visa holders and are counted in student visa numbers. A parent or guardian seeking to accompany an international student to Australia may be eligible for a Student Guardian (subclass 580) visa.

## Background to the student visa programme - continued

### Ability to work

Student visas include a visa condition that, once the course has commenced, allows most students to work for up to 40 hours per fortnight while their course is in session and for unlimited hours during course breaks. The limitation imposed by this visa condition reflects the purpose of a student visa; that it is to allow entry to Australia in order to study, not to work. Secondary visa holders are subject to a visa condition that limits them to 40 hours work per fortnight at any time.

From 26 March 2012, higher degree by research students on a Postgraduate Research (subclass 574) visa may work unlimited hours once their Masters or PhD course has commenced. Dependants of students studying a Masters or PhD research course have no limitation on their work hours.

### Assessment Levels

There are five Assessment Levels in the student visa programme. They serve to align student visa evidentiary requirements to the immigration risk posed by applicants from a particular country applying for a particular student visa. Assessment Level 1 represents the lowest immigration risk and Assessment Level 5 the highest. The higher the Assessment Level, the greater the evidence an applicant is required to demonstrate to support their claims for the grant of a student visa.

Further information is available at: [www.immi.gov.au/students/student-visa-assessment-levels.htm](http://www.immi.gov.au/students/student-visa-assessment-levels.htm)

### Streamlined visa processing

The department assesses student visa applicants who lodge their applications on or after 24 March 2012, with a Confirmation of Enrolment (CoE) from a participating university in Australia at Bachelor, Masters or Doctoral degree level as though they were a lower migration risk (similar to the current Assessment Level 1), regardless of their country of origin. This is in response to recommendations 3, 5, 6, and 18 of the Hon Michael Knight AO's report, Strategic Review of the Student Visa Programme 2011 (the Knight Review).

### Financial requirements

Students and their families need to be aware of the costs involved in studying and living in Australia. In order to meet the financial requirements for the grant of a student visa, applicants must be able to demonstrate that they have access to sufficient funds to cover tuition fees, travel costs, educational costs for any accompanying school age children and living costs for the full study period.

### Genuine temporary entrant (GTE) requirement

The GTE requirement was introduced on 5 November 2011 to enhance the integrity of the student visa programme.

The GTE requirement explicitly addresses whether the individual circumstances of an applicant indicate that their intention is for a temporary stay in Australia.

Factors that the department may consider as part of the GTE requirement are set out in a Ministerial Direction available at [www.immi.gov.au/gateways/agents/pdf/direction-53-assessing-gte.pdf](http://www.immi.gov.au/gateways/agents/pdf/direction-53-assessing-gte.pdf) and include:

- circumstances in the applicant's home country;
- the applicant's potential circumstances in Australia;
- the applicant's immigration history;
- the value of the course to the applicant's future; and/or
- any other matter relevant to the applicant's intention to stay temporarily.

### Overseas Student Health Cover (OSHC)

Overseas students must have health insurance for the duration of their stay in Australia. The OSHC is insurance to assist international students meet the costs of medical and hospital care that they may need while in Australia.

## Background to the student visa programme - continued

### Visa refusals

A decision to refuse a student visa application is made when the delegate of the Minister is not satisfied that the applicant meets the legal criteria for grant of a visa. When refusing a visa application, the department provides an applicant, or their agent, with a written decision record that sets out the reason for the decision.

Reasons for refusal of student visa applications may include:

- failure to meet financial requirements;
- failure to meet English language requirements;
- fraudulent documentation present in the application;
- failure to satisfy the department that the applicant is a genuine student; and/or
- failure to meet GTE requirements.

### Processing time service standards

The department gives priority to offshore applications to ensure that prospective students receive their visas in time to travel to Australia to commence their courses. Onshore students are granted bridging visas pending finalisation of their new student visa applications and can still commence their courses.

Depending on the relevant Assessment Level the service standards are that 75% of offshore applications are finalised within 14 to 90 days and 75% of onshore applications are finalised within 14 to 30 days. It should be noted that approximately 80% of onshore applications are incomplete when lodged and this adds to processing times as officers request and then wait for applicants to provide required information.

The table below shows the processing time service standards for student visa applications.

Visa application	Lodged in Australia		Lodged outside Australia		
Assessment Level	Level 1 or 2	Level 3 or 4	Level 1	Level 2	Level 3 or 4
Students (subclass 570, 571, 572, 573, 574, 575, 576)	14 days	1 month	14 days	21 days	3 months

Further information can be found at: [www.immi.gov.au/about/charters/client-services-charter/visas/2.0.htm](http://www.immi.gov.au/about/charters/client-services-charter/visas/2.0.htm)

## Background to the subclass 485 visa

The Skilled Graduate (Subclass 485) visa was renamed the Temporary Graduate (Subclass 485) visa on 23 March 2013, and has become a key component of the Student Visa Programme. Previously, the Subclass 485 visa was a component of the Skilled Migration Programme.

The Temporary Graduate visa has two streams:

- Graduate Work stream - for international students who have recently graduated with the skills and qualifications that relate to an occupation on the SOL. Applicants in this stream must have completed a trade qualification, diploma or degree. Successful applicants are granted a visa of 18 months validity.
- Post-Study Work stream - for international students who have recently graduated with an Australian Bachelor degree, Masters degree or Doctorate from an Australian educational institution, regardless of their field of study. This stream is only available to international students who applied for, and were granted, their first student visa on or after 5 November 2011. Successful applicants are granted a visa of two, three or four years duration, depending on the highest educational qualification they have obtained.

This visa provides eligible graduates with the opportunity to gain practical work experience in Australia following their studies. More information on the Temporary Graduate visa can be found on the department's website at:

[www.immi.gov.au/visas/students/485](http://www.immi.gov.au/visas/students/485)

### Eligible visas

To be eligible for the Temporary Graduate visa, graduates must have completed their studies in Australia while on a qualifying student visa. A qualifying student visa is a subclass 572, 573 or 574.

### Australian study requirement

The Australian study requirement is defined as study in Australia in a course registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) for a period of at least two academic years (92 weeks). The course should be conducted in English and should be completed in no less than 16 calendar months.

All Temporary Graduate visa applicants must meet the Australian study requirement in the six months immediately prior to lodging their visa application. More information is available at:

[www.immi.gov.au/students/knight/temp-graduate-485-visa.htm](http://www.immi.gov.au/students/knight/temp-graduate-485-visa.htm)

### Family members

Family members must meet legislative requirements and must provide evidence of their relationship to the Temporary Graduate visa holder. Family members can apply in a combined application with the primary applicant, or they can apply to join the Temporary Graduate visa holder in Australia after the Temporary Graduate visa has been granted.

### Ability to work and study

There are no restrictions on the type of work a Temporary Graduate visa holder can do. Temporary Graduate visa holders may work or study in any field, regardless of their study and qualifications. Dependents and secondary applicants are able to work and study on the Temporary Graduate visa.

It is the responsibility of the Temporary Graduate visa holder to seek their own employment if they are granted the visa. The Australian government is not responsible for arranging employment.

### Processing time service standards

The processing time service standard for the Temporary Graduate visa is 75% of applications should be finalised within 12 months, however, actual processing times may vary depending on a range of factors. Further information can be found at: [www.immi.gov.au/about/charters/client-services-charter/visas/9.0.htm](http://www.immi.gov.au/about/charters/client-services-charter/visas/9.0.htm)

# Executive Summary

## Key Points

- Total Student visa lodgements increased by 7.1 per cent in this quarter making it the highest September quarter for lodgements in the last four years.
- Offshore Student visa lodgements increased by 27.6 per cent with Higher Education visas accounting for 42.1 per cent of total lodgements.
- Total Student visa grants increased by 13.6 per cent in this quarter compared with the same period in the previous year.
- In the September 2013 quarter, 94.3 per cent of student visa applicants were granted a visa.
- As at 30 September 2013 there were 346 965 international student visa holders in Australia.

## 1 Applications lodged

There were 74 019 student visa applications lodged in the September 2013 quarter. Total lodgements increased by 7.1 per cent in this quarter when compared with the same period in 2012. This was the highest September quarter in the last four years, and most sectors experienced growth.

Offshore lodgements increased significantly by 27.6 per cent to 40 306 lodgements in this quarter compared with last year. This growth was a result of more applications for Higher Education visas which increased by 42.1 per cent in the same period. Offshore VET visas also increased by 9.1 per cent in this quarter compared with last year.

Onshore lodgements decreased by 10.2 per cent to 33 713 applications in the September 2013 quarter. This decline was due to lower applications for Higher Education and VET visas, which saw decreases of 6.9 per cent and 15.4 per cent respectively.

China remains Australia's largest source of Student Visa applications. In this quarter, lodgements from Chinese nationals increased by 4.9 per cent to 18 641 applications compared with last year. This was due to a 19.8 per cent growth in offshore applications (10 009 applications) in the same period.

Offshore applications from the top seven source countries increased and this was especially evident for Indian nationals. Offshore applications from Indian nationals increased to 4 148 applications in the September 2013 quarter compared with 1987 in the September 2012 quarter.

## 2 Visas granted

There is no cap on the number of student visas granted. Applicants who meet the legislative requirements will be granted a student visa.

Total grants increased by 13.6 per cent compared with the September 2012 quarter. There were 72 409 student visas granted in this quarter which compares with 63 717 grants in the same period last year. This

increase was due to climbing Higher Education and Non Award visa grants which saw 5 818 and 1 607 more grants respectively.

Student visas granted offshore (39 887 grants) increased by 36.5 per cent. This increase was a direct result of an increase in Non-Award (115.8 per cent) and Higher Education visas (48.3 per cent).

In the September 2013 quarter, onshore student visa grants decreased by 5.7 per cent (32 522 grants) compared with the same period in the previous year (34 489 grants).

Of the total student visas granted in the September 2013 quarter, 24.7 per cent were to Chinese nationals followed by 10.2 per cent to Indian nationals.

There was an increase in offshore grants for the top nine source countries. Offshore grants for the top three source countries, China, India and Brazil, increased by 18.8, 157.8 and 93.2 per cent respectively compared to the same period in the previous year.

## 3 Grant rates

The grant rate for student visa applications for the September 2013 quarter was 94.3 per cent.

Offshore grant rates increased in the September 2013 quarter to 92.4 per cent from 87.9 per cent in the September 2012 quarter. Onshore grant rates also increased to 96.7 per cent from 96.0 per cent in the same period.

Offshore grant rates increased when compared to the same period last year for all sectors except for the Schools sector which fell slightly. In this quarter, grant rates for Higher Education and VET visas increased to 92.6 and 79.8 per cent respectively from 87.6 and 73.0 per cent in the same period last year.

In the September 2013 quarter, offshore grant rates for our two largest source countries, China and India, increased. In this quarter, the offshore grant rate for China was 96.9 per cent while it was 90.9 per cent for India.

## Executive Summary - continued

### 4 Processing times

The number of applications lodged in a given timeframe is not comparable with the number of visas granted in the same period due to processing times.

The time required to process visa applications depends on whether the applicant is onshore or offshore, the assessment level applicable to the applicant and the supporting evidence provided by the applicant.

In the September 2013 quarter, 75 per cent of all student visas were processed within 28 days while 50 per cent were processed within 15 days.

Offshore, 75 per cent of applications were processed within 26 days while onshore they were processed within 31 days.

### 5 Applications on hand

The number of primary student visa applications on hand at 30 September 2013 was 23 574. Of the total primary applications on hand, 13 658 were offshore and 9 916 were onshore applications.

Total on hand applications increased by 26.1 per cent as at 30 September 2013 compared with 30 September 2012 where there were 18 695 on hand applications.

In the same period, on-hand offshore applications increased for both China and India by 51.6 and 182.4 per cent respectively.

### 6 Visa holders in Australia

On 30 September 2013 there were 346 965 international student visa holders in Australia. Of these, 87.3 per cent were primary visa holders.

Most student visa holders were on a Higher Education visa (59.7 per cent) followed by a VET visa (19.9 per cent).

On 30 September 2013 there were 87 553 student visa holders from China (25.2 per cent of total) and 32 413 student visa holders from India (9.3 per cent of total).

### 7 Destinations

In the 2012-13 programme year to 30 September 2013, there were 31 426 visas granted to former student visa holders.

Of these former student visa holders, 28.8 per cent moved to a Tourist visa with 9049 visas granted. A further 6868 (21.9 per cent) chose to obtain another student visa, and 3247 (10.3 per cent) moved to a Subclass 485 visa.

### 8 Subclass 485

There were 5890 Subclass 485 visas lodged in the September 2013 quarter. This is a decrease of 35.7 per cent when compared with the same period last year (9167).

Lodgements are expected to increase from November 2013 when a greater number of onshore students will be able to meet the requirements for the Post-Study Work stream.

In the September 2013 quarter, grants decreased by 64.5 per cent to 3 739 (from 10 520). The decrease in grants can be attributed to the lower lodgement rate.

As at 30 September 2013 there were 7 388 on-hand subclass 485 visa applications, compared with 19 995 on 30 September 2012. The number of on-hand applications has significantly decreased due to the recent implementation of processing efficiencies and a decline in subclass 485 visa lodgements.
