About this report

This report provides quarterly data about the student visa and temporary graduate visa programme administered by the Department of Immigration and Border Protection (the department). The report has been produced to assist education providers, representative bodies and policymakers.

It is important to note that the information used in this report comes from a new data source. Consequently, figures for previous financial years have been revised and may differ slightly from those previously published by the department.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous issues can occur. The current financial year should always be considered provisional.

For privacy reasons < 5 has been used where a number in a table is between 1 and 4. Further data about the student visa programme, including yearly student visa trends and comprehensive data on student visa grants by sector and country from 2002-03 to the 2012-13 programme year is available on the department's website at: www.immi.gov.au/media/statistics/study/index.htm

Further information about the student visa programme is available at: www.immi.gov.au/Study/Pages/Study.aspx

Definition of terms

Applicant type:	Under the Migration Regulations 1994 (the Regulations), there are two types of applicants. These are primary applicants and secondary applicants. These terms are defined below.
	If the table or graph heading includes the word 'primary', such as 'primary applications' or 'primary visa holders', dependants (secondary applicants) are not included.
Citizenship country:	The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.
Destination:	Where a visa holder has moved from one type of visa to another. This most commonly occurs where a temporary visa holder applies for a permanent visa. However, many temporary visa holders go on to apply for a further temporary visa. The original visa is determined by the last visa held prior to the destination visa being granted. Destination visas include visas granted onshore and offshore.
Granted:	Unless otherwise specified, the number of visas granted includes primary and review grants.
Last visa held:	This refers to the last substantive visa held by a visa holder (that is, the last visa other than a bridging visa) prior to a point in time. The last visa held may have expired or still be in effect.
Lodged:	Lodged is the count of paper applications receipted in a departmental office or submitted electronically.
Offshore:	In this report, refers to the location of the client at the time the application was lodged. Generally, student visa applicants subject to Assessment Levels 2-3 are required to lodge their first student visa application while outside Australia.
Onshore:	In this report, refers to the location of the client at the time the application was lodged. An onshore applicant may already hold a visa of the same kind or may be applying for another type of visa. Student visa applicants subject to Assessment Level 1 can lodge their first student visa application while in Australia.
Primary applicant:	The primary applicant is the person who must satisfy the primary criteria for the grant of a visa under the Regulations. In this case, it would be the person proposing to study in Australia.
Primary application:	An application lodged by a primary applicant.
Primary grant:	An outcome where a decision maker (which may include system generated decision making) makes an assessment based on the initial visa application which results in a visa being granted to an applicant.
Primary visa holder:	A person who has had a primary application for a visa granted.
Secondary applicant:	Secondary applicants must satisfy the secondary criteria for the grant of a visa under the Regulations. In this case, a secondary applicant is generally a dependant of the primary applicant.
Secondary application:	A visa application lodged by a secondary applicant.
Secondary visa holder:	A person who has had a secondary application for a visa granted.
Skilled Occupation List:	The Skilled Occupation List (SOL) is a list of skilled occupations that deliver high value skills needed by the Australian economy and aligns with the national workforce development strategy. It applies to international students who wish to apply for the Graduate Work stream under the Temporary Graduate (subclass 485) visa. To apply for this stream, students must nominate an occupation on the SOL and graduate with skills and qualifications that closely relate to this occupation.
Snapshot date:	The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.
Visa applicant:	Used to refer to clients applying for a visa. Unless otherwise specified, the term covers both primary and secondary applicants.
Visa holders in Australia:	The number of visa holders lawfully in Australia. This is not a count of all valid visas, as a number of visa holders may be outside Australia on the snapshot date.

Background to the student visa programme

International students must have a valid visa for the duration of their studies in Australia. Most international students will need a student visa. However, visitor visas permit up to three months study and working holiday maker visas permit up to four months study. Further information about these visa options are available at:
www.immi.gov.au/Visit/Pages/Visit.aspx
There are seven types of student visa:

1) English Language Intensive Course for Overseas Students (ELICOS) sector (subclass 570) visa. This visa is for international students undertaking a stand-alone English language course that leads to a certificate level award or non-formal award.

2) Schools sector (subclass 571) visa. This visa is designed for international students applying to study in Australia in a primary, junior secondary or senior secondary school course or an approved secondary school exchange programme.

3) Vocational Education and Training sector (subclass 572) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a certificate, vocational education and training diploma, vocational education and training advanced diploma, vocational graduate certificate or vocational graduate diploma.

4) Higher Education sector (subclass 573) visa. This visa is designed for international students applying to study in Australia and whose main course of study is a bachelor degree, associate degree, higher education diploma, higher education advanced diploma, graduate certificate, graduate diploma or Masters by coursework.

5) Postgraduate Research sector (subclass 574) visa. This visa is designed for international students who want to study a Master's degree by research or a Doctoral degree in Australia.

6) Non Award sector (subclass 575) visa. This visa is designed for international students who want to study non award foundation studies or other full time courses not leading to an Australian award.

7) AusAID or Defence Sponsored sector (subclass 576) visa. This visa is designed for international students who are sponsored by AusAID or Defence to study a full-time course of any type in Australia.

To be eligible for a student visa, applicants must be accepted for full time study in a course listed on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). Applicants must also meet financial, health insurance, English language proficiency and health and character requirements.

There is no limit on the number of student visas issued each year. If applicants meet requirements, they will be granted a student visa. Student visas are issued for the entire period of study in Australia. Visas are issued in alignment with the period for which the applicant has Overseas Student Health Cover (OSHC).

There are two other visas related to the student visa programme, the Student Guardian (subclass 580) visa and the Temporary Graduate (subclass 485) visa. The Student Guardian visa is for individuals who wish to accompany and care for minors studying in Australia. The Temporary Graduate visa allows international students to live and work in Australia temporarily after they have finished their studies.

Family members

Students can apply to have partners and dependant children under the age of eighteen accompany them to Australia. These family members are known as secondary visa holders and are counted in student visa numbers. A parent or guardian seeking to accompany an international student to Australia may be eligible for a Student Guardian (subclass 580) visa.

Background to the student visa programme - continued

Ability to work

Student visas include a visa condition that, once the course has commenced, allows most students to work for up to 40 hours per fortnight while their course is in session and for unlimited hours during course breaks. The limitation imposed by this visa condition reflects the purpose of a student visa; that it is to allow entry to Australia in order to study, not to work. Secondary visa holders are subject to a visa condition that limits them to 40 hours work per fortnight at any time.

Higher degree by research students on a Postgraduate Research (subclass 574) visa may work unlimited hours once their Masters or PhD course has commenced. Dependants of students studying a Masters or PhD research course have no limitation on their work hours.

Assessment Levels

There are three Assessment Levels in the student visa programme. They serve to align student visa evidentiary requirements to the immigration risk posed by applicants from a particular country applying for a particular student visa. Assessment Level 1 represents the lowest immigration risk and Assessment Level 3 the highest. The higher the Assessment Level, the greater the evidence an applicant is required to demonstrate to support their claims for the grant of a student visa.

Further information is available at: www.immi.gov.au/Study/Pages/student-visa-assessment-levels.aspx

Streamlined visa processing

The department assesses student visa applicants who lodge their applications on or after 24 March 2012, with a Confirmation of Enrolment (CoE) from a participating higher education provider in Australia at Bachelor, Masters or Doctoral degree level as though they were a lower migration risk (similar to the current Assessment Level 1), regardless of their country of origin. This is in response to recommendations 3, 5, 6, and 18 of the Hon Michael Knight AO's report, Strategic Review of the Student Visa Programme 2011 (the Knight Review).

Financial requirements

Students and their families need to be aware of the costs involved in studying and living in Australia. In order to meet the financial requirements for the grant of a student visa, applicants must be able to demonstrate that they have access to sufficient funds to cover tuition fees, travel costs, educational costs for any accompanying school age children and living costs for the full study period.

Genuine temporary entrant (GTE) requirement

The GTE requirement was introduced on 5 November 2011 to enhance the integrity of the student visa programme.

The GTE requirement explicitly addresses whether the individual circumstances of an applicant indicate that their intention is for a temporary stay in Australia.

Factors that the department may consider as part of the GTE requirement are set out in a Ministerial Direction available at www.immi.gov.au/gateways/agents/pdf/direction-53-assessing-gte.pdf and include:

- circumstances in the applicant's home country;
- the applicant's potential circumstances in Australia;
- the applicant's immigration history;
- the value of the course to the applicant's future; and/or
- any other matter relevant to the applicant's intention to stay temporarily.

Overseas Student Health Cover (OSHC)

Overseas students must have health insurance for the duration of their stay in Australia. The OSHC is insurance to assist international students meet the costs of medical and hospital care that they may need while in Australia.

Background to the student visa programme - continued

Visa refusals

A decision to refuse a student visa application is made when the delegate of the Minister is not satisfied that the applicant meets the legal criteria for grant of a visa. When refusing a visa application, the department provides an applicant, or their agent, with a written decision record that sets out the reason for the decision.

Reasons for refusal of student visa applications may include:

- failure to meet financial requirements;
- failure to meet English language requirements;
- fraudulent documentation present in the application;
- failure to satisfy the department that the applicant is a genuine student; and/or
- failure to meet GTE requirements.

Processing time service standards

The department gives priority to offshore applications to ensure that prospective students receive their visas in time to travel to Australia to commence their courses. Onshore students are granted bridging visas pending finalisation of their new student visa applications and can still commence their courses.

Depending on the relevant Assessment Level the service standards are that 75% of offshore applications are finalised within 14 to 90 days and 75% of onshore applications are finalised within 14 to 30 days. It should be noted that approximately 80% of onshore applications are incomplete when lodged and this adds to processing times as officers request and then wait for applicants to provide required information.

The table below shows the processing time service standards for student visa applications.

Visa application	Lodged in Australia		Lodged outside Australia		
Assessment Level	Level 1 or 2	Level 3 or 4	Level 1	Level 2	Level 3 or 4
Students (subclass 570, 571, 572, 573, 574, 575, 576)	14 days	1 month	14 days	21 days	3 months

Background to the subclass 485 visa

The Skilled Graduate (Subclass 485) visa was renamed the Temporary Graduate (Subclass 485) visa on 23 March 2013, and has become a key component of the Student Temporary Visa Programme. Previously, the Subclass 485 visa was a component of the Skilled Migration Programme.

The Temporary Graduate visa has two streams, the Graduate Work stream and the Post-Study Work stream :

- Graduate Work stream - for international students who have recently graduated with the skills and qualifications that relate to an occupation on the Skilled Occupations List. Applicants in this stream must have completed a trade qualification, diploma or degree. Successful applicants are granted a visa of 18 months validity.

- Post-Study Work stream - for international students who have recently graduated with an Australian Bachelor degree, Masters degree or Doctorate from an Australian educational institution. This stream is only available to international students who applied for, and were granted, their first student visa on or after 5 November 2011. Successful applicants are granted a visa of two, three or four years duration, depending on the highest educational qualification they have obtained.

This visa provides eligible graduates with the opportunity to gain practical work experience in Australia following their studies. More information on the Temporary Graduate visa can be found on the department's website at: www.immi.gov.au/Visas/Pages/485.aspx

Eligible visas

To be eligible for the Temporary Graduate visa, graduates must have completed their studies in Australia while on a qualifying student visa. A qualifying student visa is a subclass 572, 573 or 574.

Australian study requirement

The Australian study requirement is defined as study in Australia in a course registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) for a period of at least two academic years (92 weeks). The course should be conducted in English and should be completed in no less than 16 calendar months.
All Temporary Graduate visa applicants must meet the Australian study requirement in the six months immediately prior to lodging their visa application. More information is available at:
www.immi.gov.au/Visas/Pages/485.aspx

Family members

Family members must meet legislative requirements and must provide evidence of their relationship to the Temporary Graduate visa applicant. Additionally, family members can apply to join the Temporary Graduate visa holder in Australia after the Temporary Graduate visa has been granted. More information on including family members in your application is available at: www.immi.gov.au/visas/including-family-members.htm

Ability to work and study

There are no restrictions on the type of work a Temporary Graduate visa holder can do. Temporary Graduate visa holders may work or study in any field, regardless of their study and qualifications. Dependents and secondary applicants are able to work and study on the Temporary Graduate visa.

It is the responsibility of the Temporary Graduate visa holder to seek their own employment if they are granted the visa. The Australian government is not responsible for arranging employment.

Processing time service standards

The processing time service standard for the Temporary Graduate visa is 75% of applications should be finalised within 12 months, however, actual processing times may vary depending on a range of factors. 4 Processing times

The number of applications lodged in a given timeframe is not comparable with the number of visas granted in the same period due to processing times.

The time required to process visa applications depends on whether the applicant is onshore or offshore, the assessment level applicable to the applicant and the supporting evidence provided by the applicant.

In the June 2014 quarter, 75 per cent of all student visas were processed within 33 days while 50 per cent were processed within 14 days.

Processing times for offshore applications improved for all visa subclasses when compared to the June 2013 quarter excluding the Non-Award sector visa, which remained unchanged with 75 per cent of applications processed within seven days. In the June 2014 quarter, 75 per cent of all offshore applications were processed within 18 days, compared to 75 per cent of offshore applications processed within 20 days in the June 2013 quarter.

Onshore, 75 per cent of student visas were processed within 55 days in the June 2014 quarter compared with 41 days in the same period in the previous financial year.

On 30 June 2014 there were 76 152 student visa holders from China and 40 595 student visa holders from India in Australia.

On 30 June 2014 there were 25 198 Subclass 485 visa holders in Australia which was lower than 30 June 2013 when there were 36 224 visa holders.
