Background

The number of temporary entrants and New Zealand citizens physically present in Australia is estimated every three months by identifying those persons who have entered Australia on temporary visas or as New Zealand citizens, and who have neither left Australia nor been granted permanent residence. This data provides useful point-in-time information on temporary entrants. It gives a more accurate picture of the population impact of Australia's temporary entry programs than data on the flow of temporary entrants in and out of Australia.

The number of temporary entrants in this report are broken down by the following categories:

Visitor visa holders

non-permanent entrants to Australia whose visa is for tourism, short stay business, visiting relatives or medical treatment;

Student visa holders

overseas students who undertake full-time study in registered courses. In this report, Student Guardian (subclass 580) visa holders are included in 'other temporary visa holders' and not in the 'student visa holders' category;

Working holiday maker visa holders

young adults from countries with reciprocal bilateral agreements with Australia who holiday in Australia and undertake short-term work and/or study and who hold a Working Holiday (subclass 417) or Work and Holiday (subclass 462) visa;

Temporary skilled visa holders

Temporary Work (Skilled) subclass 457 visa holders mostly recruited by Australian companies whose visa is valid for up to four years;

Temporary graduate visa holders

overseas students who wish to remain in Australia for up to 18 months to gain skilled work experience or improve their English language skills and who hold a Temporary Graduate (subclass 485) visa;

Bridging visa holders

non-citizens who are provided with lawful status while they have business with the government or the courts regarding immigration matters;

Other temporary visa holders

include holders of other temporary visas such as New Zealand Citizen Family Relationships (non-New Zealand citizens who are family members of a New Zealand citizen), social/cultural (Entertainment, Sport, Visiting Academic, Religious Worker, etc), international relations (Diplomatic, Exchange, Domestic Worker, etc), training (Occupational Trainee and Professional Development), Student Guardian and transit visas;

New Zealand visa holders

New Zealand citizens granted a Special Category Visa (subclass 444) on arrival in Australia. It should be noted that a small number of New Zealand citizens who were holding a temporary visa other than subclass 444 are included in the temporary visa category relating to the visa held.

Rounding in reported data

Figures given in this report are rounded to the nearest ten. Percentage changes are calculated from unrounded numbers. This may result in minor discrepancies from results calculated from rounded numbers.

Reporting of primary and secondary visa holders

Figures given in this report include both primary and secondary visa holders.
