# Explanatory notes

- Note 1** All numbers have been rounded to the nearest 10 and salaries to the nearest \$100. Therefore the sum of individual items in a table may not exactly match the total. Where a number in a table is between 1 and 4, the number has been masked with < 5 for privacy reasons.
- Note 2** This report is based on visa grant data recorded in the current financial year and provides a comparison with the SAME PERIOD IN THE PREVIOUS YEAR.
- Note 3** The principal data collected for use in this report comes from the visa application and grant process. The applicant and their sponsor provide a range of information to enable the Department of Home Affairs to assess the eligibility of the sponsor and the applicant for the visa. This is the most accurate and verifiable data that the Department of Home Affairs collects on visa holders. It includes such information as the location of the nominated position, the nominated occupation, the nominated base salary and the citizenship country.
- Note 4** Unless otherwise stated, the tables in this report relate to primary applicants only.
- Note 5** Unless otherwise stated, the occupation shown in tables in this report is the nominated occupation. That is, the position that is being filled rather than the previous or usual occupation of the visa applicant.
- Note 6** Sponsors self-identify with an industry classification when lodging a nomination or sponsorship. The industry classification shown is based on what the sponsor has recorded. If a sponsor has notified more than one industry over time, the most recently recorded industry classification has been used in this report.
- Note 7** Up until 1 April 2005, medical practitioners applied for a visa in Visa Subclass 422 Medical Practitioner. From that date, medical practitioners were encouraged to apply for a Subclass 457 visa.
- Note 8** In tables showing the top 15 citizenship countries, the figure for 'Not Specified' is included in the total only.
- Note 9** In some tables, 'Not Specified' appears. This is a general term which covers missing data, incomplete data and incorrectly recorded data.
- Note 10** From 14 September 2009, subclass 457 visa holders changing sponsor or nominated occupation did not need to lodge a new visa application if they held a valid subclass 457 visa. At that time, the Department of Home Affairs estimated that the number of visa applications lodged since 14 September 2009 has been reduced by 8 to 9 per cent below the level that would have occurred without the change.
