# Explanatory notes

- Note 1** All numbers have been rounded to the nearest 10 and salaries to the nearest \$100. Therefore the sum of individual items in a table may not exactly match the total. Where a number in a table is between 1 and 4, the number has been masked with < 5 for privacy reasons.
- Note 2** This report is based on visa grant data recorded in the current financial year and provides a comparison with the same period in the previous year.
- Note 3** The principal data collected for use in this report comes from the visa application and grant process. The applicant and their sponsor provide a range of information to enable the Department of Home Affairs to assess the eligibility of the sponsor and the applicant for the visa. This is the most accurate and verifiable data that the Department of Home Affairs collects on visa holders. It includes such information as the location of the nominated position, the nominated occupation, the nominated base salary and the citizenship country.
- Note 4** Unless otherwise stated, the tables in this report relate to primary applicants only.
- Note 5** Unless otherwise stated, the occupation shown in tables in this report is the nominated occupation. That is, the position that is being filled rather than the previous or usual occupation of the visa applicant.
- Note 6** Sponsors self-identify with an industry classification when lodging a nomination or sponsorship. The industry classification shown is based on what the sponsor has recorded. If a sponsor has notified more than one industry over time, the most recently recorded industry classification has been used in this report.
- Note 7** In tables showing the top 15 citizenship countries, the figure for 'Not Specified' is included in the total only.
- Note 8** The Subclass 482 (Skills in Demand) (SID) visa program came into effect on 7 December 2024 at which time the Subclass 482 (Temporary Skill Shortage) (TSS) visa program closed to new applications. The Temporary (Work) Skilled (Subclass 457) visa program closed to new applications on 18 March 2018.
