About this report

This report provides quarterly data about the Visitor visa program administered by the Department of Immigration and Citizenship (the department). The report has been produced to assist tourism industry stakeholders and policymakers.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous reports can occur. Due to these issues, figures for the current financial year should always be considered provisional.

Further data about the Visitor visa program, including Visitor visa grants by subclass and citizenship from the 2005-06 to the 2009-10 program year is available at the department's website at www.immi.gov.au/media/statistics/

Further information about the Visitor visa program is available at www.immi.gov.au/visitors.

Enquiries

Any comments or enquiries concerning this report should be sent to visa.reporting@immi.gov.au quoting report id BR0112.

Definition of terms

Applicant type:	Under the Migration Regulations 1994 (the Regulations), there are two types of applicants. These are primary applicants and secondary applicants.
Approved Destination Status (ADS):	This scheme facilitates the travel of organised tour groups from the People's Republic of China (PRC) to Australia by approved travel agents. Tourists under the ADS scheme are granted a subcategory of the Tourist (subclass 676) visa and do not require a visa label.
Auto grant:	An automated process by which an electronic visa application is checked against security and immigration risk business rules and, if the automated checks are satisfied, the visa is granted, often within minutes after lodgement.
Citizenship country:	The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document used for the visa label or the citizenship nominated by the visa applicant is used.
Decided:	The term used for counts of decisions. See below for definition of "decisions".
Decisions:	An outcome where a decision-maker (including system-generated decision-making) grants or refuses a visa or sponsorship application.
eLodged:	Visa application lodged electronically, by eligible passport holders, via the departmental website. Visas that can be eLodged are the eVisitor (subclass 651) visa and the Tourist (subclass 676) visa (also known as the e676).
ETA:	Electronic Travel Authority. An electronic visa available to citizens from low risk countries. The term "low risk" applies to countries which issue ETA eligible passports. A list of these can be found on the department's website.
Granted:	Unless otherwise specified, the number of visas granted includes primary and review grants.
Lodged:	Lodged is the count of paper applications receipted in a departmental office or submitted electronically.
Offshore:	In this report, the term refers to the location of the client at the time of lodging the application.
On hand:	A visa application, nomination or sponsorship that has not been finalised.
Onshore:	In this report, refers to the location of the client at the time the application was lodged. An onshore applicant may already hold a visa of the same kind or may be applying for another type of visa.
Visa applicant:	Used to refer to clients applying for a visa. Unless otherwise specified, the term covers both primary and secondary applicants.
Visa holders in Australia:	The number of visa holders lawfully in Australia. This is not a count of all valid visas, as a number of visa holders may be outside Australia on the snapshot date.

Background to the Visitor visa program

There are nine Visitor visa subclasses, which can be divided into Tourist and Business streams:

Tourist:

1. Tourist (subclass 676) visa. This visa allows people to visit Australia for tourism purposes. This may include a holiday or recreation, or to visit family and friends. This visa can be applied for either onshore or offshore and may also be used for other short-term non-work purposes including study for up to three months. This visa can also be applied for online (known as the “e676”) by eligible passport holders.
2. Sponsored Family Visitor (subclass 679) visa. This visa allows people who are outside of Australia, and have an eligible sponsor in Australia (an eligible relative or Australian Government official willing to sponsor them), to travel to Australia for a holiday and to visit family. This visa is intended for higher risk visitors and contains additional requirements which are designed to provide assurance that the visa holder will comply with their visa conditions and depart Australia before their visa expires. A formal sponsorship is to be completed by an Australian citizen/permanent resident and in some cases a security bond is requested where the decision-maker has residual concerns about the visa applicant’s intention to abide by the visa conditions.
3. Electronic Travel Authority (ETA) (Visitor) (subclass 976). This visa is designed for ETA eligible passport holders who are outside of Australia and who want to visit Australia for tourism purposes. It allows an applicant to stay in Australia for up to three months on each visit within a 12 month period from the date of grant, or for the life of the passport if it is less than 12 months. It can be applied for online, through a travel agent, airline or specialist service provider or at an Australian visa office outside of Australia.
4. eVisitor (subclass 651 - Tourist Entrant). This visa is designed for people outside of Australia who want to visit Australia for tourism purposes. It can only be lodged online and is available to certain European nationals, as it was introduced in October 2008 to meet the Australian Government’s undertaking to have reciprocal short stay travel arrangements with the European Union. It allows a stay of up to three months on each visit within a 12 month period from the date of grant.
5. Superyacht Crew (subclass 488) visa. This temporary visa allows the crew of superyachts to enter Australia to undertake the usual day to day routine maintenance or business of these vessels while at sea. The applicant may be either inside or outside of Australia when the visa is granted. The visa is a multiple entry visa and permits the visa holder to work onboard these vessels in Australia for up to one year, with the option to extend their stay. Additionally, the crew must be sponsored by an owner or captain of the superyacht who is an approved superyacht crew sponsor.

Business:

6. Business (Short Stay) (subclass 456) visa. This visa allows business people to make a short business visit to Australia for up to three months during their visa validity period. Business activities may include attending meetings, conferences, site visits, exploring business opportunities or, in limited circumstances, specialised non-ongoing work. The visa holder cannot engage in work in Australia that might otherwise be carried out by an Australian citizen or permanent resident.
7. Sponsored Business Visitor (Short Stay) (subclass 459) visa. This visa has the same purpose as the subclass 456 visa but requires the business person to have an approved sponsor in Australia (a representative from an approved organisation or an Australian government official).
8. ETA (Business Entrant - Short Validity) (subclass 977). This visa is designed for ETA eligible passport holders who are outside of Australia and who want to make a short business visit to Australia. It allows an applicant to stay in Australia for up to three months on each visit within a 12 month period from the date of grant, or for the life of the passport if it is less than 12 months. It can be applied for online, through a travel agent, airline or specialist service provider or at an Australian visa office outside of Australia.
9. ETA (Business Entrant - Long Validity) (subclass 956). This visa has the same purpose as the subclass 977 visa but is valid for the life of the passport.
10. eVisitor (subclass 651 - Business Entrant). This visa is designed for people outside of Australia who want to visit Australia for short term business purposes. It allows online lodgement and is available to eVisitor eligible passport holders. Eligibility is limited to certain European nationals, as the product was introduced in October 2008 to meet the Australian Government’s undertaking to have reciprocal short stay travel arrangements with the European Union.

Background to the Visitor visa program - continued

Family members

Tourist Visitors (except those applying for Sponsored Family Visitor visas) must lodge separate applications, unless they are included in the passport of the main applicant.

Business Visitors and Sponsored Family Visitors can apply to have partners and dependent children under the age of eighteen accompany them to Australia.

Visa requirements

To be eligible for a Visitor visa, applicants must have a genuine intention to stay in Australia temporarily as a visitor (for tourism or business purposes).

Applicants must also meet certain health and character requirements, and may be asked to undergo a health examination, and/or provide police certificates for each country they have lived in for 12 months or more over the last ten years since turning 16.

In order to meet the financial requirements for the grant of a Visitor visa, applicants must be able to demonstrate that they have access to sufficient funds to cover themselves (and their family where relevant) during their stay in Australia, including health insurance where required. They may be asked to provide evidence of funds.

Ability to work

Work on a Tourist visa is not permitted. This is enforced by a mandatory “no work” condition imposed on all Tourist visas.

Work on a Business Visitor visa is permitted in very limited circumstances where the work is non-ongoing (no more than six weeks for the validity of the visa) and highly skilled in nature.

A Business Visitor visa holder cannot engage in work in Australia that might otherwise be carried out by an Australian citizen or permanent resident.

Where a person is found to be working in breach of their visa conditions, they may face visa cancellation and be subject to an exclusion period.

Ability to study

Tourist visa holders may study for up to three months. This may be an award or non-award course, however, the entire course must not be longer than 3 months in duration.

Business Visitor visa holders may undertake informal study for up to three months, where it is related to their profession and does not lead to a formal award (other than a language training program).

Volunteering

Tourist visa holders may be able to work as a volunteer where the work is genuinely voluntary and no remuneration is received in return for the activities.

Background to the Visitor visa program - continued

Visa extensions

Tourist visa holders may extend their stay for tourism purposes by applying for a new visa at least two weeks before their current visa expires.

An additional Tourist visa may be granted if the applicant has complied with the conditions of their previous visa, meets all eligibility criteria for this visa, and does not have a 'No further stay' condition on their current visa.

Business Visitor visa holders cannot extend their stay after they arrive in Australia.

Visa refusals

A decision to refuse a Visitor visa application is made when the delegate of the Minister for Immigration and Citizenship is not satisfied that the applicant meets the legal criteria for grant of a visa. When refusing a visa application, the department provides an applicant, or their agent, with a written decision record that sets out the reason for the decision.

Reasons for refusal of Visitor visa applications may include:

- failure to meet financial, health or character requirements; and/or
- failure to satisfy the department that the applicant is a genuine visitor.

Processing standards

The department aims to finalise 75 per cent of Visitor visa applications within the following timeframes:

- for non-sponsored visitors where the application is lodged onshore - one working day for low risk applicants and one week for high risk applicants;
- for non-sponsored visitors where the application is lodged offshore - one working day for low risk applicants and one month for high risk applicants;
- for sponsored visitors (all sponsored visitor applications are lodged onshore) - 1.5 months.

The processing service standard applies where all documents are submitted with the application form. The process may be delayed if applications are incomplete or if additional information is required, including health examination and/or character checks.

Note: Low risk refers to persons holding Electronic Travel Authority (ETA) eligible passports, and high risk refers to persons who are not ETA eligible.

Executive Summary

Key Points

- In the June 2011 quarter there were 54 552 Business (Short Stay) (subclass 456) visa lodgements. This is the highest number of lodgements for this quarter in the last five years.
- Over the 2010-11 program year, the number of Visitor visas granted increased by 2.8% (3 540 774) compared to 2009-10 (3 444 546).
- On 30 June 2011, there were 165 972 Visitor visa holders in Australia.
- There were 110 609 visas granted under the ADS program during the 2010-11 program year which is the highest number of ADS visa grants in the last 4 years.

1 Applications lodged

There were 54 552 Business (Short Stay) (subclass 456) visa lodgements for the June 2011 quarter. This was slightly higher compared to the same period in 2010 (48 521 lodgements). This is also the highest number of lodgements for this quarter in the last five years. This can be attributed to strong growth in business ties between China and Australia.

Total eVisitor (subclass 651) visa lodgements for the June 2011 quarter were 70 909, of which 61 056 were in the tourism stream and 9853 were in the business stream. This is a minor decrease when compared to the same period in 2010 where there were 74 894 lodgements.

However, there was a 5% increase in subclass 651 lodgements in the 2010-11 program year (417 447) compared to 2009-10 (397 554). This can be primarily attributed to an increase in citizens of the United Kingdom applying for the tourism stream (up 10%) and business stream (up 11.2%) of the subclass 651 visa.

Total Electronic Travel Authority (Visitor) (subclass 976) visa lodgements (1 978 959) for the 2010-11 program year were down 3.3% when compared with the previous program year (2 046 670). This could be the result of the continuing impact of the global financial crisis and the strength of the Australian dollar.

There were 6244 Sponsored Family Visitor (subclass 679) visa lodgements for the June 2011 quarter. This is the lowest number of lodgements for this quarter in the previous four years. This follows from a significant decrease in lodgements in the 2010-11 program year from the top four subclass 679 source countries, Vietnam (down 28.7%), China (down 5.6%), Philippines (down 2.8%) and Lebanon (down 23.1%) compared with the 2009-10 program year. This may be due to the decreased subclass 679 grant rate.

There were 196 677 Tourist (subclass 676) visa lodgements for the June 2011 quarter. This is the highest number of lodgements for this quarter over the last five years. This can be primarily attributed to the large increase in lodgements by Chinese nationals. From 2009-10 to 2010-11 there was a 32.2% increase (from 197 508 to 261 147) in Chinese nationals applying

for subclass 676 visas, reflecting continued economic prosperity and a fast growing middle class in China.

2 Visas granted

Visitor visa grants decreased in the June 2011 quarter (727 564) compared with the same period in 2010 (743 363). However, over the 2010-11 program year there was an overall increase of 2.8% (3 540 774) compared to 2009-10 (3 444 546). This can be partially attributed to a 31.8% increase in Visitor visa grants to Chinese citizens and a 16.2% increase in Visitor visa grants to Malaysian citizens.

The increase in Visitor visa grants to these citizens has partially offset a decrease in Visitor visa grants to citizens from countries such as the United Kingdom (down 2.9%), United States of America (down 5.2%), Japan (down 0.5%), Germany (down 2.6%), Canada (down 3.4%) and Taiwan (down 13.4%).

3 Grant rates

The grant rate for Visitor visas (including Electronic Travel Authorities (ETAs)) for the second half of the 2010-11 program year remained relatively stable at 97.3% compared with the 97.7% grant rate for the same period in 2009-10.

The grant rate for subclass 679 visas decreased from 74.4% in the final six months of the 2009-10 program year to 55% in the final six months of the 2010-11 program year. This can be attributed to an increased scrutiny of claims and referrals to posts.

4 Auto grant rates for eLodged Applications

The auto grant rate for eLodged Tourist (subclass 676) visas for the last six months of the 2010-11 program year decreased to 49.5% from the 53.5% grant rate for the same period in 2009-10. This can partly be attributed to IT system issues resulting in an increase in the number of manually processed visa applications. These issues have now been resolved.

The auto grant rate for eLodged eVisitor (subclass 651) visas for the last six months of the 2010-11 program year (85.4%) remained relatively stable when compared to the same period in 2009-10 (86.3%).

Executive Summary - continued

5 Processing times

During the last six months of the 2010-11 program year, 75% of subclass 456 applications were processed within five days and 50% within two days. This is largely consistent with the previous two six month periods. Service standards aim for 75% of high-risk offshore cases to be processed within one month.

During the last six months of the 2010-11 program year, 75% of offshore subclass 676 applications were processed within eight days, 50% within four days and 25% within two days. This is largely consistent with the previous two six month periods. Service standards aim for 75% of high-risk offshore cases to be processed within one month.

During the last six months of the 2010-11 program year, 75% of onshore subclass 676 applications were processed within 12 days and 50% within one day. This is largely consistent with the previous two six month periods. Service standards aim for 75% of high-risk onshore cases to be processed within one week.

During the last six months of the 2010-11 program year, 75% of subclass 679 applications were processed within 65 days, 50% within 42 days and 25% within 26 days. This is largely consistent with the previous two periods except for the 75th percentile. In the first 6 month period of the 2010-11 program year, 75% of applications were processed with 56 days. The increase in processing times can be attributed to an increase in the number of refusals, which take longer to process, and an increase in the number of case referrals to overseas posts. Service standards aim for 75% of subclass 679 visa application to be processed within 45 days.

6 Applications on hand

At 30 June 2011 there were 73 027 Visitor visa applications on hand. This is higher than the 61 938 on hand on the same date in 2010.

To ensure that onshore applicants do not become unlawful because their existing visas expire before a new visa is granted, bridging visas are granted until a decision on their application is made.

7 Visa holders In Australia

On 30 June 2011 there were 165 972 Visitor visa holders in Australia. Subclass 676 visa holders made up the largest cohort with 77 044 visa holders in Australia, followed by subclass 976 visa holders (57 371).

8 Approved Destination Status (ADS)

There were 21 716 subclass 676 visa granted under the ADS program in the June 2011 quarter. This is the highest number of visas granted under the ADS scheme for this quarter in the last four years. Additionally, there were 110 609 visas granted under the ADS scheme during the 2010-11 program year. This is also the highest number of ADS grants in the last 4 years. This can be attributed to strong economic growth and prosperity in China resulting in increased rates of Chinese citizens wanting to visit Australia.

9 Arrivals data

There were 55 402 arrivals on subclass 456 visas for the June 2011 quarter. This was slightly higher compared to the same period in 2010 (53 901 arrivals) and significantly higher than the same period in 2009 (42 127 arrivals). This appears to be due to strong growth in business ties between China and Australia.

There were 76 906 arrivals on subclass 651 visas for the June 2011 quarter. This is higher than the same period in 2010 (71 067 arrivals) and significantly higher than the same period in 2009 (59 662 arrivals). This can be primarily attributed to an increase in citizens of the United Kingdom applying for, and being granted, subclass 651 visas.

There were 188 783 arrivals on subclass 676 visas for the June 2011 quarter. This is the highest number of arrivals for this quarter over the last five years. This can be primarily attributed to the increase in inbound tourism by Chinese citizens.

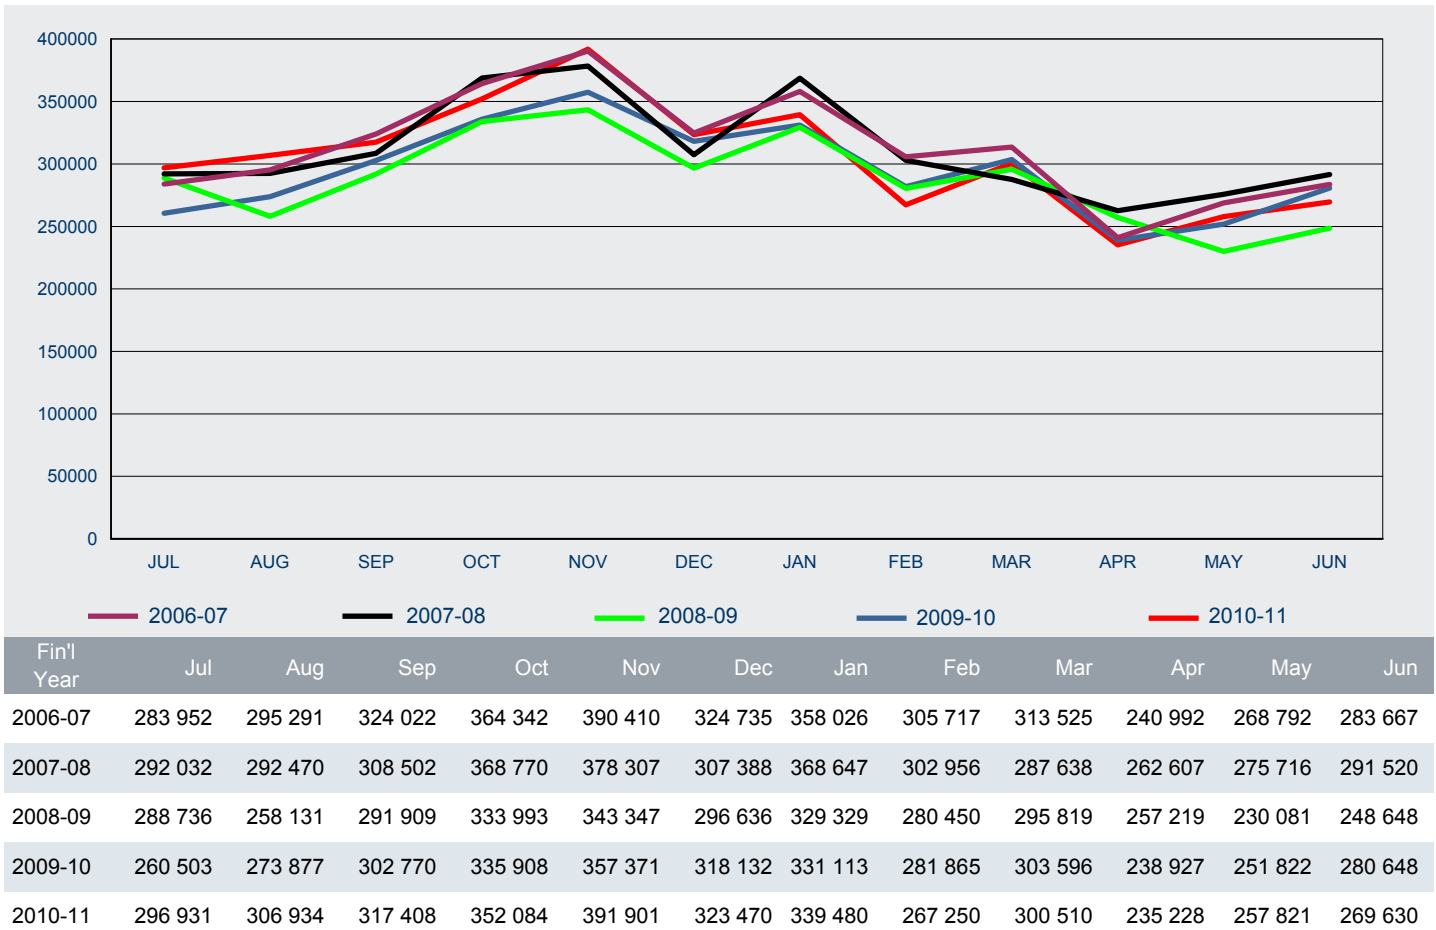

There were 386 942 arrivals on subclass 976 visas for the June 2011 quarter. This is a decrease on the same quarter in 2010 (416 171) and 2009 (441 612). This appears to be due to the continuing effects of the global financial crisis and the strength of the Australian dollar.

There were 55 396 arrivals on Electronic Travel Authority (Business Entrant-Short Stay) (subclass 977) visas for the June 2011 quarter. This is small increase on the same quarter in 2010 (53 376). This can be partly attributed to an increase in subclass 977 visa grants to citizens of the United States of America (up 9.4% from 2009-10 to 2010-11) and the United Kingdom (up 8.1% from 2009-10 to 2010-11).

5 Processing times

This section contains information on 25, 50 and 75 percentile processing times for visitor visa applications.

In general terms:

- 25 percentile** means that 25 per cent of applications granted during the period were processed within the number of days shown in the tables. Conversely, 75 per cent took longer than the number of days shown. This measure gives an indication of how long it is taking to process the more straight-forward visitor visa applications.
- 50 percentile** more commonly known as the median, it means that 50 per cent of applications granted during the period were processed within the number of days shown in the tables. Conversely, 50 per cent took longer than the number of days shown. This measure gives an indication of how long it is taking to process the typical visitor visa applications.
- 75 percentile** means that 75 per cent of applications granted during the period were processed within the number of days shown in the tables. Conversely, 25 per cent took longer than the number of days shown. This measure gives an indication of how long it is taking to process the more complex visitor visa applications.

5 Processing times
