About this report

This report provides monthly and program year data on the Working Holiday Maker (WHM) visa program administered by the Department of Home Affairs (the department). The report has been provided to assist policymakers and stakeholder organisations.

This report is published every six months. Current and previous versions of the report are available on the department's website. These reports are available at:

<https://www.homeaffairs.gov.au/research-and-statistics/statistics/visa-statistics/visit>

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous reports can occur. Due to these issues, data from the current financial year should always be considered provisional.

Further information about the Working Holiday Maker visa program is available on the department's website at:

Additional statistics for the Working Holiday Maker visa program are available on www.data.gov.au by searching "Working Holiday".

Notes on statistical tables presented by 'citizenship country'

A result of 'na' indicates that the country did not have a Working Holiday Maker arrangement with Australia during the specified period. This may be because the arrangement had not yet commenced or the arrangement is no longer in place. Refer to the table 'Australia's Working Holiday Maker arrangements' in the 'Background to the Working Holiday Maker visa program' section of the report.

A 'citizenship country' of 'Not Specified' can result from eligible dual nationality applicants where the non-eligible nationality has been recorded for the WHM application.

Enquiries

Any comment or enquiries concerning this report should be sent to statistical.coordination@homeaffairs.gov.au quoting Report Id BR0110.

Definition of terms

Citizenship country:	The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.
Granted:	Unless otherwise specified, the number of visas granted includes all visa grants.
Snapshot date:	The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.
Visa applicant:	Used to refer to clients applying for a visa.
Working Holiday Maker:	Refers collectively to both the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa.

Background to the Working Holiday Maker visa program

The purpose of the Working Holiday Maker (WHM) visa program is to foster people-to-people links between Australia and partner countries, with particular emphasis on young adults. It has been in existence since 1975. Today, the WHM visa program includes two subclasses: the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa. Partner countries initially comprised a relatively small number of Commonwealth countries. The program now has 47 partner countries and regions from across the world.

Australia has an overarching bilateral arrangement, usually in the form of a Memorandum of Understanding, with each partner country or region. Of the 47 partner countries or regions, 19 are Working Holiday (subclass 417) visa arrangements, and 28 are Work and Holiday (subclass 462) visa arrangements. The key difference between the two visas is that Work and Holiday visa arrangements generally have caps on the number of visas granted in each program year and additional eligibility requirements.

WHM arrangements are largely reciprocal, providing Australians with similar opportunities overseas. In considering whether to add new WHM partner countries, the Australian Government considers a range of factors, including the ability of the prospective partner to offer reciprocity to Australians, and the strength of any people-to-people links.

Eligibility requirements

WHM (both Working Holiday and Work and Holiday) visa applicants must:

- be aged 18-30 (inclusive) at time of application. For Canada, France, Ireland, Denmark and Italy the age is 18 to 35 (inclusive).
- hold a passport from an eligible partner country or region. A list of eligible countries and regions is provided in the 'Australia's Working Holiday Maker Visa Arrangements' section of this report
- not be accompanied by dependent children during their stay in Australia
- meet financial, health and character requirements.

Work and Holiday visa applicants must meet additional requirements, which vary between eligible countries, based on the agreements set out in the MOU for partner countries.

More information on specific eligibility requirements for Work and Holiday visa applicants is available on the department's website at:

[Work and Holiday visa \(subclass 462\) First Work and Holiday visa \(\[homeaffairs.gov.au\]\(https://homeaffairs.gov.au\)\)](#)

Working while in Australia

All WHMs may work for the full duration of their 12-month stay in Australia, but generally cannot remain with any one employer for longer than six months (by operation of mandatory visa condition 8547).

A visa holder may work for the same employer for a combined total of more than six months, provided the work is undertaken in a different location and work in any one location does not exceed six months. Information on the temporary relaxation of this visa condition is available on the department's website at:

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/specified-work-conditions/6-month-work-limitation>

Studying while in Australia

All WHMs are entitled to study for a period of up to four months during their 12-month stay in Australia.

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/latest-news>

- From 22 June 2021, work undertaken in the tourism and hospitality sectors in northern, remote or very remote Australia has been counted as specified work towards eligibility for a second or third WHM visa for WHM applications lodged from 5 March 2022.
- From 1 July 2021 to 31 December 2022, holders and former holders of a COVID-19 affected WHM visa were able to make a nil VAC WHM application online. WHMs who were offshore and were unable to come to Australia or had to leave early because of COVID-19 were able to apply for a replacement visa with nil Visa Application Charge (VAC) until 31 December 2022.
- From 15 December 2021, fully vaccinated eligible visa holders, including WHMs (subclass 417 and 462 visa holders) can come to Australia without needing to apply for a travel exemption.
- From 19 January 2022 to 30 June 2023, the 6-month, work limitation has been temporarily relaxed. During this period, WHMs no longer need permission from the department to work for the same employer for more than 6 months.
- WHMs who arrived in Australia between 19 January 2022 and 19 April 2022 could request a refund of the VAC for their WHM visa until 31 December 2022.
- From 5 March 2022 to 31 December 2022, eligible current and former WHMs in Australia were able to apply for a WHM visa with nil VAC. This provided another opportunity to meet the specified work requirements for a subsequent WHM visa.
- On 31 March 2022, Australia signed new memoranda of understanding for reciprocal Work and Holiday (subclass 462) visa arrangements with both Brazil and Mongolia. Both these separate arrangements commenced on 1 July 2022 with 500 and 100 visa places available for Brazil and Mongolia respectively.
- In the context of the Australia-India Economic Cooperation and Trade Agreement signed on 2 April 2022, Australia has agreed to extend access to the Work and Holiday (subclass 462) visa up to 1,000 Indian citizens each year. These arrangements are expected to be implemented within two years on entry into force.
- From 1 July 2022, an additional 1,400 places are available each year through reciprocal increases to visa caps for Hungary, Austria and the Slovak Republic.
- From 1 July 2022, there has been a one-off 30 per cent cap increase to the number of places available to WHMs from countries with which Australia has a capped Work and Holiday (subclass 462) visa arrangement. This increase only applies to the 2022-23 visa program year.

Executive Summary

Key Points

This executive summary covers the WHM program from 1 July 2022 to 31 December 2022. A general downturn in international travel due to the COVID-19 outbreak and strict border measures in place to protect the health of the Australian community significantly impacted the WHM program during the 2020-21 program year. There was an increase in lodgements and grants in 2021-22, which can be attributed to the recovery from the COVID-19 pandemic. In the six months from 1 July 2022 to 31 December 2022, the WHM program responded strongly, and began to return to pre-pandemic levels.

- In the six months from 1 July 2022 to 31 December 2022, there was:
 - a total of 111,620 Working Holiday Maker (WHM) (subclass 417 and subclass 462) visas granted, compared to 22,718 visas granted in the same period in 2021.
 - 66,870 first Working Holiday (subclass 417) visa grants compared to 13,544 visas granted in the same period in 2021.
 - 4,554 second Working Holiday (subclass 417) visa grants from 514 visas granted in the same period in 2021.
 - 699.5 per cent increase in first Work and Holiday (subclass 462) visa grants from 1,724 to 13,783.
 - 1202 per cent increase in second Work and Holiday (subclass 462) visa grants from 149 to 1,940.
