About this report

This report provides monthly and program year data on the Working Holiday Maker (WHM) visa program administered by the Department of Home Affairs (the department). The report has been provided to assist policymakers and stakeholder organisations.

This report is published every six months, and further developments will occur over time to increase and improve information sharing about the WHM visa program. Current and previous versions of the report are available on the department's website. These reports, as well as a quarterly Working Holiday Maker visa grants pivot table, are available at <http://www.homeaffairs.gov.au/about/reports-publications/research-statistics/statistics/visit-australia>.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous reports can occur. Due to these issues, data from the current financial year should always be considered provisional.

Further information about the Working Holiday Maker visa program is available on the department's website at: [http://www.homeaffairs.gov.au/Trav/Visa-1/417->](http://www.homeaffairs.gov.au/Trav/Visa-1/417-)

Notes on statistical tables presented by citizenship country

A result of 'na' indicates that the country did not have a Working Holiday Maker arrangement with Australia during the specified period. This may be because the arrangement had not yet commenced or the arrangement is no longer in place. Refer to the table 'Australia's Working Holiday Maker arrangements' in the 'Background to the Working Holiday Maker visa program' section.

A citizenship country of 'Not Specified' can result from eligible dual nationality applicants where the non-eligible nationality has been recorded for the WHM application.

Definition of terms

Citizenship country:	The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.
Granted:	Unless otherwise specified, the number of visas granted includes all visa grants.
Snapshot date:	The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.
Visa applicant:	Used to refer to clients applying for a visa.
Working Holiday Maker:	Refers collectively to both the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa.

Background to the Working Holiday Maker visa program

The purpose of the Working Holiday Maker (WHM) visa program is to foster people-to-people links between Australia and partner countries, with particular emphasis on young adults. It has been in existence since 1975. Today, the WHM visa program includes the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa programs. Partner countries initially comprised a relatively small number of Commonwealth countries, but as of 30 June 2019, the program has 42 partner countries and regions from across the world.

Australia has an overarching bilateral arrangement, usually in the form of a Memorandum of Understanding, with each partner country or region. Of the 42 partner countries or regions, 19 are Working Holiday (subclass 417) visa arrangements and 23 are Work and Holiday (subclass 462) visa arrangements. The key differences between the two visas are that Work and Holiday visa arrangements generally have caps on the number of visas granted annually and additional eligibility requirements.

WHM arrangements are largely reciprocal, providing Australians with similar opportunities overseas. In considering whether to add new WHM partner countries, the Australian Government considers a range of factors, including the ability of the prospective partner to offer reciprocity to Australians, and the strength of any people-to-people links.

Eligibility requirements

All WHM (both Working Holiday and Work and Holiday) visa applicants must:

- be aged 18-30 (inclusive) at time of application, or 18-35 for citizens of Canada and Ireland
- hold a passport from an eligible partner country or region (the full list is provided in the 'Australia's Working Holiday Maker Visa Arrangements' section of this report)
- not be accompanied by dependent children during their stay in Australia
- meet financial, health and character requirements

Work and Holiday visa applicants must meet additional requirements, which may include:

- functional English
- successful completion of at least two years of post-secondary study
- a letter of home government support in association with their visa application

Working while in Australia

All WHMs may work for the full duration of their 12 month stay in Australia, but generally cannot remain with any one employer for longer than six months (by operation of mandatory visa condition 8547).

Under policy, WHMs may work for the same employer for a combined total of more than six months without requesting permission if the work is:

- in different locations and work in any one location does not exceed six months
- in certain eligible industries in northern Australia only
- in plant and animal cultivation anywhere in Australia

Requests for permission to work longer than six months are otherwise only approved in limited circumstances, for example where the visa holder:

- is an au pair
- has applied for another visa in Australia that would allow him or her to continue working full-time for the same employer
- has unforeseeable, exceptional circumstances that relate to an Australian permanent resident, citizen or business

Studying while in Australia

All WHMs are entitled to study for a period of up to four months during their 12 month stay in Australia.

Background to the Working Holiday Maker visa program - continued

Second Working Holiday visas

First-time Working Holiday (subclass 417) visa holders who complete three months of 'specified work' in regional Australia during their stay acquire eligibility to apply for a second such visa.

'Specified work' includes work in the agriculture, mining and construction industries. For the purposes of second Working Holiday visa eligibility, regional Australia includes large parts of rural and regional Australia, which are identified in a list of postcodes available on the Department's website at:

<https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/work-holiday-417>

Second Work and Holiday visas

First-time Work and Holiday (subclass 462) visa holders who complete three months of 'specified subclass 462 work' in northern or regional Australia during their stay acquire eligibility to apply for a second such visa.

'Specified subclass 462 work' includes work in the agriculture and tourism and hospitality industries. For the purposes of second Work and Holiday visa eligibility, specified regions are identified in a list of postcodes available on the Department's website at:

<https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/work-holiday-462>

Third WHM visas

From 1 July 2019, WHM visa holders who carry out six months of work 'specified' for their respective subclass while on their second Working Holiday (subclass 417) visa or Work and Holiday (subclass 462) visa may be eligible to apply for a third visa.

Note: The six months' work must all be carried out on or after 1 July 2019. Eligible visa holders will be able to apply from late December 2019.
