## About this report

This report provides monthly and program year data on the Working Holiday Maker (WHM) visa program administered by the Department of Home Affairs (the department). The report has been provided to assist policymakers and stakeholder organisations.

This report is published every six months, and further developments will occur over time to increase and improve information sharing about the WHM visa program. Current and previous versions of the report are available on the department's website. These reports, as well as a quarterly Working Holiday Maker visa grants pivot table, are available at <http://www.homeaffairs.gov.au/about/reports-publications/research-statistics/statistics/visit-australia>.

Data is sourced from several departmental visa processing and recording systems. Data can be dynamic and there can be delays in transmission of information from the department's global operations. Variations in figures between this report and previous reports can occur. Due to these issues, data from the current financial year should always be considered provisional.

Further information about the Working Holiday Maker visa program is available on the department's website at:

<http://www.homeaffairs.gov.au/Trav/Visa-1/417->>

<http://www.homeaffairs.gov.au/Trav/Visa-1/462->>

Additional statistics for the Working Holiday Maker visa program are available on [data.gov.au](http://data.gov.au) by searching "Working Holiday".

### Notes on statistical tables presented by citizenship country

A result of 'na' indicates that the country did not have a Working Holiday Maker arrangement with Australia during the specified period. This may be because the arrangement had not yet commenced or the arrangement is no longer in place. Refer to the table 'Australia's Working Holiday Maker arrangements' in the 'Background to the Working Holiday Maker visa program' section.

A citizenship country of 'Not Specified' can result from eligible dual nationality applicants where the non-eligible nationality has been recorded for the WHM application.

Note 1: Data in years prior to 2017-18 was revised on 1 October 2019, due to better source data becoming available. This may result in minor discrepancies with previously published statistics.

## Enquiries

Any comment or enquiries concerning this report should be sent to [statistical.coordination@homeaffairs.gov.au](mailto:statistical.coordination@homeaffairs.gov.au) quoting Report Id BR0110.

## Definition of terms

<b>Citizenship country:</b>	The country of citizenship of the visa applicant or visa holder. Where a visa applicant or visa holder has more than one citizenship country, either the citizenship of the travel document or the citizenship nominated by the visa applicant is used.
<b>Granted:</b>	Unless otherwise specified, the number of visas granted includes all visa grants.
<b>Snapshot date:</b>	The snapshot date is a point in time at which a count is undertaken. In this report, the number of visa holders in Australia at a point in time is used.
<b>Visa applicant:</b>	Used to refer to clients applying for a visa.
<b>Working Holiday Maker:</b>	Refers collectively to both the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa.

# Background to the Working Holiday Maker visa program

The purpose of the Working Holiday Maker (WHM) visa program is to foster people-to-people links between Australia and partner countries, with particular emphasis on young adults. It has been in existence since 1975. Today, the WHM visa program includes two subclasses: the Working Holiday (subclass 417) visa and the Work and Holiday (subclass 462) visa. Partner countries initially comprised a relatively small number of Commonwealth countries. The program now has 44 partner countries and regions from across the world.

Australia has an overarching bilateral arrangement, usually in the form of a Memorandum of Understanding, with each partner country or region. Of the 44 partner countries or regions, 19 are Working Holiday (subclass 417) visa arrangements, and 25 are Work and Holiday (subclass 462) visa arrangements. The key difference between the two visas is that Work and Holiday visa arrangements generally have caps on the number of visas granted in each program year and additional eligibility requirements.

WHM arrangements are largely reciprocal, providing Australians with similar opportunities overseas. In considering whether to add new WHM partner countries, the Australian Government considers a range of factors, including the ability of the prospective partner to offer reciprocity to Australians, and the strength of any people-to-people links.

## Eligibility requirements

WHM (both Working Holiday and Work and Holiday) visa applicants must:

- be aged 18-30 (inclusive) at time of application. For Canada, France and Ireland, the age is 18 to 35 (inclusive).
- hold a passport from an eligible partner country or region. A list of eligible countries and regions is provided in the 'Australia's Working Holiday Maker Visa Arrangements' section of this report
- not be accompanied by dependent children during their stay in Australia
- meet financial, health and character requirements.

Work and Holiday visa applicants must meet additional requirements, which may include:

- functional English
- successful completion of at least two years of undergraduate university study (except Israel & USA)
- a letter of home country/government support in association with their visa application (except Argentina, Austria, Chile, China, Israel, Portugal, Spain, Singapore and USA).

## Working while in Australia

All WHMs may work for the full duration of their 12-month stay in Australia, but generally cannot remain with any one employer for longer than six months (by operation of mandatory visa condition 8547).

A visa holder may work for the same employer for a combined total of more than six months, provided the work is undertaken in a different location and work in any one location does not exceed six months. More information on the circumstances in which WHMs can work longer than six months with the same employer is available on the department's website at:

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/specified-work-conditions/6-month-work-limitation>

## Studying while in Australia

All WHMs are entitled to study for a period of up to four months during their 12-month stay in Australia.

# Background to the Working Holiday Maker visa program - continued

## Second and third Working Holiday visas

First-time Working Holiday (subclass 417) visa holders who complete three months of 'specified subclass 417 work' during their stay become eligible to apply for a second Working Holiday visa. Second Working Holiday visa holders who complete six months of 'specified subclass 417 work' during their stay become eligible to apply for a third Working Holiday visa. The six months of specified work must have been carried out on or after 1 July 2019, so no third visas were granted before January 2020.

Specified subclass 417 work includes work in the agriculture, mining and construction industries, bushfire recovery work, critical COVID-19 work in the healthcare and medical sectors, and tourism and hospitality work in northern, remote or very remote Australia only.

For the purposes of second and third Working Holiday visa eligibility, eligible work types, dates and postcodes are available on the department's website at:

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/specified-work-conditions/specified-work-417>

## Second and third Work and Holiday visas

First-time Work and Holiday (subclass 462) visa holders who complete three months of 'specified subclass 462 work' during their stay become eligible to apply for a second Work and Holiday visa. Second Work and Holiday visa holders who complete six months of 'specified subclass 462 work' during their stay become eligible to apply for a third Work and Holiday visa. The six months of specified work must have been carried out on or after 1 July 2019, so no third visas were granted before January 2020.

Specified subclass 462 work includes work in the agriculture, construction and tourism and hospitality industries, bushfire recovery work and critical COVID-19 work in the healthcare and medical sectors.

For the purposes of second and third Work and Holiday visa eligibility, eligible work types, dates and postcodes are available on the department's website at:

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/specified-work-conditions/specified-work-462>

## Recent developments in the Working Holiday Maker (WHM) visa program

Any Work and Holiday program developments, including signings and commencement dates for new Work and Holiday visa arrangements, will be announced on the department's website at:

<https://immi.homeaffairs.gov.au/what-we-do/whm-program/latest-news>

- From 19 August 2020, WHMs could count critical COVID-19 work in the healthcare and medical sectors undertaken anywhere in Australia after 31 January 2020 as specified work to apply for a second or third WHM visa.
- On 12 October 2020, the Acting Minister for Immigration, Citizenship, Migrant Services and Multicultural Affairs, the Hon Alan Tudge MP, announced that WHMs who were unable to travel to Australia or had to leave early due to COVID-19 would be eligible for a VAC waiver to return to Australia in the future, or a refund if they had passed the relevant age limit.
- From 14 November 2020, former WHMs who transitioned to a COVID-19 Pandemic event visa to continue undertaking critical COVID-19 work in the healthcare and medical sectors could count this work as specified work towards eligibility for a second or third WHM visa. These new arrangements recognise the contribution of WHMs doing critical COVID-19 work in the healthcare and medical sectors and ensure they can still access subsequent WHM visa options.
- WHMs employed in critical sectors who were not eligible for a second or third WHM visa continued to be able to apply for a COVID-19 Pandemic event visa to continue their critical work in Australia.
- From 1 July 2021 to 31 December 2022, holders and former holders of a COVID-19 affected WHM visa are able to make a nil visa application charge (VAC) WHM application online.

### Working Holiday Maker visa changes helping COVID-19 recovery

- On 22 June 2021, the Minister for Immigration, Citizenship, Migrant Services and Multicultural Affairs announced further changes to the WHM program to assist with Australia's COVID-19 economic recovery.
- From 8 May 2021, WHMs working in the tourism and hospitality sectors anywhere in Australia may now work for up to 12 months with the same employer or organisation without requesting permission.
- From 22 June 2021, work undertaken in the tourism and hospitality sectors in northern, remote or very remote Australia can also be counted as specified work towards eligibility for a second or third WHM visa. This option will be available for WHM applications lodged from March 2022.
- From March 2022, eligible current and former WHMs in Australia will also be able to apply for a WHM visa with a nil VAC. This will provide another opportunity to meet the specified work requirements for a subsequent WHM visa.

### Australia and UK Free Trade Agreement

On 15 June 2021, the Australian and UK governments announced that agreement in principle has been reached between Australia and the UK to increase the maximum eligible age from 30 to 35 years for Working Holiday Maker (WHM) applicants from the UK and Australia.

- While agreement in principle has been reached, no changes have yet been made to existing arrangements.
- The agreement will also provide an opportunity for WHMs to stay in the UK and Australia for up to three years, with no requirement to undertake 'specified work'.
- Negotiations have not yet concluded, however it is anticipated that these changes will be made within five years.

## Countries with which Australia is currently negotiating new Work and Holiday (subclass 462) visa arrangements (as at 30 June 2021)

Please note that bilateral negotiations are complex and can take several years to conclude. Nationals from the following countries will not be able to apply for a Work and Holiday visa until such time as an arrangement has been signed and implemented.

- 1 Andorra
- 2 Brazil
- 3 Costa Rica
- 4 Croatia
- 5 Fiji
- 6 Iceland
- 7 India
- 8 Latvia
- 9 Lithuania
- 10 Mexico
- 11 Monaco
- 12 Mongolia
- 13 Panama
- 14 Paraguay
- 15 Philippines
- 16 Solomon Islands
- 17 Switzerland

# Executive Summary

## Key Points

The decrease in WHM program lodgements and grants in the period 1 July 2020 to 30 June 2021 can be attributed to the COVID-19 pandemic. The longer-term decline in demand for WHM visas observed over several years prior to the pandemic may have been influenced by changing currency exchange rates and economic and labour market conditions in partner countries and Australia.

- In 2020-21, there was a:
  - total of 39,586 Working Holiday Maker (WHM) (subclass 417 and subclass 462) visas granted, which is a 73.5 per cent decrease compared to 2019-20 (149,249).
  - 98.1 per cent decrease in first Working Holiday (subclass 417) visa grants from 92,282 (2019-20) to 1,749 (2020-21).
  - 25.9 per cent decrease in second Working Holiday (subclass 417) visa grants from 28,316 (2019-20) to 20,982 (2020-21).
  - 98 per cent decrease in first Work and Holiday (subclass 462) visa grants from 19,845 (2019-20) to 397 (2020-21).
  - 8.9 per cent decrease in second Work and Holiday (subclass 462) visa grants from 6,128 (2019-20) to 5,585 (2020-21).
  - 57.4 per cent decrease of WHM visa holders in Australia from 85,691 at 30 June 2020 to 36,526 at 30 June 2021.
- 8,476 third Working Holiday (subclass 417) and 2,397 third Work and Holiday (subclass 462) visas were granted.

## 1 Applications lodged for WHM program

# Executive Summary – continued

## 3 Grant rates

The grant rate for first Working Holiday visas in the 2020-21 was 83.5 per cent. The decrease in WHM grant rates in the 2020-21 program year can be attributed to international travel restrictions, introduced in response to the COVID-19 pandemic.

The grant rate for first Work and Holiday visas was 58.9 per cent. The grant rate for second Work and Holiday visas was 99.5 per cent. The grant rate for third Work and Holiday visas was 99.2 per cent.

The generally high grant rates for WHM visas are indicative of the low risk nature of this caseload. The large proportion of online applications for this caseload also contributes to the high grant rate. A number of automated eligibility checks occur during online applications, alerting clients early in the process if they do not meet visa requirements.

## 4 Working Holiday Makers in Australia

### Working Holiday (subclass 417) visa holders

As at 30 June 2021, there were 28,759 first, second and third Working Holiday visa holders in Australia. This is a 58.5 per cent reduction compared to 69,334 on 30 June 2020.

### Work and Holiday (subclass 462) visa holders

As at 30 June 2021, there were 7,767 first, second and third Work and Holiday visa holders in Australia. This is a 52.5 per cent reduction compared to 16,357 on 30 June 2020.
